Teaching A Girl How To Drive.

Secure a good, easy-going horse and a
neat covered buggy and having placed the
girl firmly by your side, where you can
secure a strong hold in cases of emergency,
proceed to a lonely, unfrequented road
where you'll be uninterrupted.

If the girl displays any signs of nervous-
ness do your best to soothe her. There
are a number of ways to do this. Take her
hand in yours and pat it gently. Speak to
her in a low, soft tone. If absolutely
necessary place her head upon your shoulder
and count one hundred. If not effective,
repeat in one minute.

Now she may take the lines, crack the
whip and say "geddelp!" It will then be
your turn to get nervous. While the girl is
clutching the lines you clutch her. It will
then be time to rest. This should not take
any longer than the rest of the afternoon.

By the time you have got so you can kiss
the girl without getting nervous, she ought
to be able to drive.

Deafness Cannot Be Cured.

by local applications, as they cannot reach
the diseased portions of the ear. There is
only one way to cure deafness and that is by
constitutional remedies. Deafness is caused
by inflamed condition of the mucous lin-
ing of the Eustachian Tube. When this
tube is inflamed you have a rumbling sound
or imperfect hearing, and when it entirely
closes, Deafness is the result, and unless the
inflammation can be taken out and this
tube is restored to its normal condition,
hearing will be destroyed forever; nine
cases out of ten are caused by Catarrh,
which is nothing but an inflamed condition
of the mucous surfaces.

We will give One Hundred Dollars for
any case of Deafness (caused by catarrh)
that cannot be cured by Hall's Catarrh Cure.

Constable in Mix Up.

Strathroy, Sept. 28.—County Constable,
Jake Cutler got into trouble the other day
with Asel Ames, a farmer from Metcalfe,
with the result that they came to blows.

It appears that Ames was under the im-
pression that the constable had promised
him \$25 for certain information given in
connection with the Caradoc cattle stealing
affair about three years ago.

The constable says he told him that De-
fective Northgraves may have promised \$25,
but he was positive that he had never made
any such promise.

This was apparently too much for the
Metcalfe man, who thereupon attacked the
officer and a general mix-up ensued. No
arrests, however, have followed the affair.

When Women Suffer.

Look out for weakness or disease. See if
there is not a headache, restlessness,
and the "blues." These symptoms in-
dicate that you need the gentle assistance of
Dr. Hamilton's Pills. They are woman's
greatest relief, prevent functional derange-
ment, renew the life of the blood, purify
and cleanse the system throughout. No tonic
so potent, no results so marked as follow the
use of Dr. Hamilton's Pills. Price 25c per
box at all dealers.

Study While Teaching.

The education department of Ontario
have decided upon a change in the senior
teachers' examinations which are now
divided into two parts.

In order to encourage teachers to take
the higher grade the examination will be
divided into four parts, and the depart-
ment will arrange with candidates who
have obtained junior leaving standing not
later than 1900 to take English literature
instead of Latin. This will enable them to
take the course while teaching.

Never Slit Your Boots.

That doesn't cure the corn. Just apply
the old standby, Putnam's Corn Extractor.
It acts like magic. Kills the pain, cures the
corn, does it without burn or scar. Get the
best it's "Putnam's."

Duration of Lightning Flash.

We possess as yet only pretty vague data
as to the average duration of flashes of
lightning. Faraday thought he could fix it
at a second. Dufour claimed that the flashes
of lightning were instantaneous, and that
their rapid succession gave the illusion of
one flash of a certain duration.

Heur Schmidt has just been devoting
himself to a series of observations, employ-
ing a disk of ten centimeters diameter,
bearing upon a black ground a white cross,
the arms of which were two millimeters
across, the disk being set in motion by
clockwork with a speed of fifty to sixty
revolutions a second.

At certain flashes the cross appeared a
single time, very distinct: the duration of
lightning was, therefore, inferior to the
time of revolution of the disk, which would
represent the fiftieth of a second. In more
frequent cases the cross appeared two or
three times or even more, but with a
decreasing luminous intensity; the light-
ning had therefore lasted during several
revolutions of the disk.—L'Illustration.

Beware of Mercury

You May be Using this Harmful Drug
and Not Know It.

A favorite method of administering this
deleterious drug is in cathartic pills. Be-
ware of "quick-result" articles, they may do
more harm than good.

Drastic cathartics will weaken the strong-
est. With old people they are a positive
menace to life.

Merely to restore normal bowel action
and gently stimulate the liver is all that the
wise physician recommends.

To keep the system clean and clear, nothing
is so efficacious as the vegetable pills of
Dr. Hamilton, which are composed of such
herbs as mandrake, butternut and dandel-
ion; they contain not an atom of any sub-
stance that could injure even an infant.

By their certain action on the Liver Dr.

Hamilton's Pills cause bile to be secreted
which forms the stimulus that moves the
bowels: this is nature's own method and the
best one.

Mr. R. Hamly, of French River, Ont.,
writes as follows: "I was inclined to biuious
attacks and frequently was too ill to work.
Most remedies purged and weakened my
bowels, but Dr. Hamilton's Pills gently
stimulated my liver, and by strengthening
the stomach made a perfect cure. My
health has been just splendid since I used
Dr. Hamilton's Pills.

druggist or storekeeper, 25c per box or five
boxes for \$1.00. By mail from N. C. Pol-
on & Co., Hartford, Conn., U. S. A., or

Charged with Theft.

Petrolia, Sept. 26.—Chief of Police Fer-
guson yesterday arrested George Farrow
and George Morrison, who both claim to
have been charged with stealing a watch from
Dan Carr, in Wyom-
ing. The watch, which was sold for \$1.50
was recovered. Owing to the absence of
Magistrate Duncan and Mayor Noble the
prisoners were taken to Wyom-
ing for a hearing before one of the
local magistrates.

PREVENT DISORDER.—At the first sym-
ptoms of internal disorder, Parmelee's
Vegetable Pills should be resorted to im-
mediately. Two or three of these salutary
pellets, taken before going to bed, followed
by doses of one or two pills for two or three
nights in succession, will serve as a pre-
ventive of attacks of dyspepsia and all the dis-
comforts which follow in the train of that
fell disorder. The means are simple when
the way is known.

Man Burns to Death.

Ottawa, Ont., Sept. 27.—James Mc-
Gregor, of McGregor & Saunders, was burn-
ed to death by a fire at his home in Kempt-
ville. He was alone in the house and could
not get out in time. A lamp upsetting
caused the fire.

Would Be Murderer Escapes.

Ottawa, Ont., Sept. 27.—An attempt to
murder Joseph S. Sargeant, who shot his wife
and mother-in-law in Ottawa some days
ago, have failed. The authorities believe
he has committed suicide.

LITTLE BELL BIOGRAPHIES

Chopin

FREDERIC-FRANCOIS CHOPIN, born at Warsaw 1810, died 1849,
stands alone as a composer and as a pianist. Unlike his great
predecessors, his life from boyhood up was devoid of incident.
He was celebrated, but not mighty. He had no failures and no triumphs.
Yet in one department of music he remains the unrivalled master of the
modern world. Although he never essayed the larger modes of com-
position, save the sonata and the concerto, he is unequalled in the dance
forms—mazurkas, waltzes, polonaises—and in some other short forms,
such as the etude and nocturne. From among these it is hard to choose
any that are popular, although when heard they are greatly admired.
They are all pure, sweet, sentimental, full of refined emotion and
peculiarly haunting melody.

Almost all his works were written for pianoforte solo. When
he made his debut in Vienna at the age of 19, he was even then a
finished virtuoso. But he was the very opposite of his contemporary,
the mighty Liszt, or his brilliant countryman, Paderewski. They could
make the piano thunder and roar, but Chopin made it cry—with inde-
scribable sadness and beauty. To bring forth all poetic effects of his
music he needed an instrument like
