### Arrival of the Steamship

Niagara.

The steamship Niagara arrived at Halifax at 5

o'clock on Tuesday morning, in about 9 1/2 days

from Liverpool. Her dates are to the 15th inst.

The Express Mail reached the Post Office last

evening. The news continues satisfactory.

Flour and Corn were dull of sale, and prices re-

ceding. The prospects of the coming harvest con-

tinue to be of the same cheering character noticed

by previous arrivals.

Cotton had declined 1-8 per lb. Provisions

were without change. Coffee had declined 3s

per cwt, and Sugar was also about 6d. lower.

It has been officially announced that all Post-

Office labour on the sabbath is to be abolished.

M. Thiers has arrived in London, on a visit, to

Louis Philippe; the object is stated to be an en-

deavour to effect a reconciliation between the two

Bourbon houses.

The application of the French President for an in-

crease of salary, has been objected to by the com-

mittee to whom it was referred.

In Parliament, the Ministry have again signi-

fically defeated upon a motion for a Committee to

inquire into the mode of levying duty upon home

made spirits in bond. The Chancellor of the Ex-

chequer protested strongly against the motion, but

there was found a considerable majority in its favor.

Lord Stanley was to bring in some resolutions on

the affairs of Greece on Monday the 17th inst., and

the opposition boasted of having majority in their

favour. The Liverpool Journal says:—If they are

beaten, it is likely enough that they will make

some show of going out.

The Case of *Ala. Smith O'Brien*.—Sir

L. O'Brien called the attention of the govern-

ment to the state of health and the treatment

of his brother Mr. Smith O'Brien, the convict,

upon Maria Island, Van Diemen's Land.

The honorable baronet stated that his brother

was suffering much and described at some length

the regulations under which he was placed in consequence of having re-

ceived the indulgence of a ticket of leave.

Sir G. Grey stated, that Mr. Smith O'Brien

having positively refused a ticket of leave, the

governor of Van Diemen's Land had no other

course left open to him than to adopt the re-

gulations which he had taken, without

neglecting his duty; but, at the same time,

he had indulgence of which the other con-

victs were deprived. In fact, every indul-

gence had been shown him which the go-

vernment had in his power.

Sir H. L. Bulwer is understood to have

officially notified to Mr. Clayton that a secret

treaty exists between the British and Spanish

governments, by which the former is bound

to protect the sovereignty of the latter over

her West Indian possessions.

THE GREEN QUESTION.—The Journal Pays

says, it is expected that everything will be

arranged, and be terminated before Monday

next, in order that Lord Palmerston may be

able to reply victoriously by facts to the

threatened motion of Lord Stanley. As the

Pays has always been violently opposed to

Lord Palmerston, this statement is considered

significant. The *Globe's* correspondent writes

that General Laing's party appears to be

waiting for more favourable advices from

Russia; it is, however, still probable that

the Government may come to some conclusion

and promises that he will not come forward

again, since the association is allowed to

have its own way. He threatens to sell the

whole place, goods, and chattels.

The Pope has sent, as a present to the

President of the French Republic, a superb

miniature enriched with paintings. In the

cover is a gold cross which belonged to

Charlemagne. On the first page of the

miniature is the following inscription, in the

handwriting of the Pope—*Directis suis*

*Rio Ludovico Bonaparte.*

INSOLENT NOTE BY RUSSIA.

The Russian Government has addressed a

note to the English Cabinet, repudiating

the notion that British subjects, living in

Tuscany or Naples during the late revolu-

tion, have any just claim to indemnity for the

losses they incurred during those disturban-

ces. Should such unjust demands be forced

by Russia, Russia will find itself compelled

to vindicate, in the most precise manner pos-

sible, the conditions upon which it will grant

to British subjects the right of residence and

of property within the Emperor's dominions.

The Russian minister observes, that the St.

Petersburgh cabinet completely identifies it-

self with the principles which have served as

the basis of the conduct of the cabinet of

Vienna.

Slacking Outrage.—Mrs. Brown, a woman

of the venerable age of 63 years, while

returning to Muscat from Halifax with a

baggage of family supplies, was last

evening assaulted with a bullock, by a

Negro, named Lynch, on Wednesday last,

near the entrance of the new road to Guys-

borough. A traveller discovered the poor

woman, stunned and weltering in blood,

shortly after the perpetration of the crime.

The inhuman ruffian bent her on the

head so unmercifully as to shatter the skull

most frightfully in different places.—On the

slightest raised, several persons started

immediately in pursuit, and soon overtook

the wretch, his fight being doubtless impeded

by a bag of meal that he had taken from

Mrs. Brown's baggage. When apprehended

the Negro's blood was discernable on his

clothes. He was brought to town, and

committed to Goal on Thursday evening.

Mrs. Brown remained senseless until Thurs-

day morning, when, having partially recover-

ed, she was able to identify the perpetrator,

and relate the particulars of the outrage.

Halifax Record.

Landlady's Account.—Mr. W. H.

Corken, a young gentleman, who was highly

esteemed by a very large circle of friends

and acquaintances in this city, for his social

qualifications, lost his life, by drowning,
