Surprising cure of a bad Breast, Nervous May 25, 1854 Debility, and general ill health. Copy of a letter from Mr. T. F. Ker, Chemist, &c., Lower Moss lane, Manchester, dated Feb'y 12th, 1853.

To Professor HOLLOWAY,

Dear Sir,-I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Oint ment and Pills. Mrs. Martha Bell, of Pumeni and Pills. Mrs. Martha Bell, of Pitteret, in this town, had been for a considerable time labouring under nervous debitity, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all feith and in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her sappetite was speedily improved, the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was BRIDGE of GRAND FALLS. wholly removed.

I remain, dear Sir, your's fauthfully.
