50 Buildings on the Toronto Exhibition Grounds are roofed with our

Steel Shingles

Letters from Mark Hall, the Architect, and President J. J. Withrow, tell us that "Our Metallic Shingles have given the utmost satisfaction, making the tightest roofs on the grounds," also that "they are ornamental in design and effective as a fire guard."

To use our goods is to know their superior worth.

Call in and inspect our many reliable lines of fireproof building materials when in town—we're right on the corner of King and Dufferin Streets, adjacent to the grounds, and we will make you cordially welcome.
