

BOOMING THE CANADIAN BEE JOURNAL.

A consideration in connection with the discount offer which we make above, is that those who exhibit, shall push the canvass for subscribers to THE CANADIAN BEE JOURNAL with all their might. We want a largely increased list of subscribers, and we feel sure that the offer we are going to continue this fall is going to result in the very consummation we wish for. To all those who order goods, or for that matter to *any one* who will undertake to distribute sample copies of THE CANADIAN BEE JOURNAL to beekeepers at their fairs, we will send as many sample copies as it is thought can be used judiciously. Cards with our various offers will be sent along at the same time and a slip on which our "terms to agents" are printed, will be included. There will be no trouble in securing subscribers with the inducements we are offering. We confidently expect to have an increase of at least one thousand subscribers in our list before January first. Let us know your intentions, all who wish to help, as soon as possible.

We have just received a special circular issued by E. L. Goold & Co..

A very interesting little pamphlet is that just received with the compliments of George W. Childs, the millionaire publisher of Philadelphia. The pamphlet is entitled "Recollections of General Grant," and contains an account of the presentation of the portraits of Generals Grant, Sherman and Sheridan at the U. S. Military Academy at West Point, N. Y.
