\$3000 A YEAR! I understand to be the only one who can read and write, and who, in the present day, I am now comparatively a new man. Previous to this I could not stoop to the my shoe, no matter what I did on. If I got all Toronto, without my rupture coming out. To add to the difficulty I have suffered with a violent cough for years, but in the face of all this your grand appliance has held me secure all the time while doing the hardest work. Only two days ago I carried a bundle of green shingles up on a two-story building and not a "budger." I never could or dare attempt such a thing before without danger to my life. To crown all, I have worn and continue to wear your appliance with great comfort, for all of which I feel deeply indebted to your skillful treatment. Very truly yours, 136 Terauley St., Toronto. A Vision of the Ages;

OR, LECTURES ON THE APOCALYPSE.

A Complete View of the Book of Revelation.

By D. W. JOHNSON.

When I began the study of Revelation no thought of the present work had entered my mind. The splendor of the imagery and the sublimity of its descriptions had always attracted me, but I have read as one who walks through an unknown and mysterious country. Like many others, I believed that the book could not be understood, and was ready to pronounce the man a visionary who sought to interpret John's visions. Several years have passed since I entered seriously upon the study of the book. I was led to do so by the reflection that the Word of the Lord was not composed of enigmas and dark sayings which no man could understand; that it was all written "for doctrine, for reproof, for correction, for instruction in righteousness," and hence must be written in such a way that it could be understood; that a special blessing was pronounced upon those who bear and keep the words of the prophecy, which would certainly never have been done if it was impossible for men to fathom its meaning; lastly, that a great part of the prophetic portion must have been fulfilled before this last quarter of the nineteenth century, and therefore be explained by the corresponding events of history. In my studies I ever kept in mind that the book is a series of symbolic pictures; a panorama of great events until the end of time; and by a careful comparison of the pictures, in their order, with history, beginning at the date of John's exile to Patmos, I have been enabled to evolve what is to me a satisfactory view of the whole scope of Revelation.—EXTRACT FROM PREFACE.

This work has been received with great favor as the best exposition of this wonderful prophetic book. 360 pages, 12mo, cloth. Price, \$1.25. Address,

RUPTURED PERSONS

Read this letter from another Toronto Citizen. To J. Y. Esau, Truss Manufacturer, Etc., 26 West Queen Street, Toronto, Ontario.

DEAR SIR,—I have been ruptured about thirty-three years. My sufferings during that time have been intense and can only be appreciated by those similarly conditioned. My business as carpenter and joiner (as all my demands considerable muscular exertion, frequently have I been compelled to quit work, although at the time wearing Trusses made by the most prominent makers. I could not stand erect, and often had to lie down to ease my sufferings. All the Trusses I have worn have been utterly failures. It has been one long round of misery and mental anxiety, loss of time and physical torture. About six months ago, thank God, I heard of your great success in the treatment of hernia cases. The appliance you adjusted gave me, I can well remember, a feeling of support never before experienced by me, and has continued to the present day. I am now comparatively a new man. Previous to this I could not stoop to the my shoe, no matter what I did on. If I got all Toronto, without my rupture coming out. To add to the difficulty I have suffered with a violent cough for years, but in the face of all this your grand appliance has held me secure all the time while doing the hardest work. Only two days ago I carried a bundle of green shingles up on a two-story building and not a "budger." I never could or dare attempt such a thing before without danger to my life. To crown all, I have worn and continue to wear your appliance with great comfort, for all of which I feel deeply indebted to your skillful treatment. Very truly yours, 136 Terauley St., Toronto.
