

headway is now being made in selling for the coming season. Pine Deals are in better request; stocks are reduced.

**BRICH.**—Of logs there have been no arrivals the deliveries have been satisfactory; values are unchanged, and the stock is fairly moderate. Planks have been imported in moderate quantities by steamer, and have largely gone direct into consumption; there is fair enquiry, but values are a little easier. Stocks are moderate.

**ENQUIRIES FOR WOOD PRODUCTS.**

The following were among the enquiries relating to Canadian trade recently received at the office of the High Commissioner for Canada in London, Eng.:

15. A firm of paper agents and merchants desire to open up business connections in Canada for the sale of the product of their paper and pulp-board mills, and will be glad to hear of a house through whose intermediary they could find a market.

16. Enquiry is made for the names of Canadian firms exporting wood-pulp and paper.

17. A financial agent interested in the wood-pulp industry desires to hear of properties favourably situated on the Atlantic coast which could be utilized.

18. A firm of export bottlers who import a considerable quantity of staves for barrels are prepared to place orders for such goods in Canada if prompt and certain delivery can be depended on.

Canadian manufacturers may open up correspondence with any of the firms making the above enquiries by addressing a letter to the publishers of the CANADA LUMBERMAN. When writing refer to the number of the enquiry.
