These fine new Steamers, or others of the fleet, sail **every Saturday** from Liverpool and from Montreal, calling at Quebec and Londonderry.

The Steamers are amongst the largest and finest in the Transatlantic Lines, and are excelled by none in the accommodation for all classes of passengers. The Saloons and Staterooms are amidships where least motion is felt, and bilge keels have been fitted to all the Steamers which has reduced the rolling motion to the minimum.

Electric Lights are in use throughout the ships, and the cabins have all the comforts of modern first-class hotels.

The hour of sailing is arranged to make connection with trains arriving from the West and South.

Rates of Passage is about 25 per cent. lower than via New York.
