DE LA SALLE INSTITUTE,
 Nos. 18, 20 & 22 Duke Street,
 Toronto, Ont.

DIRECTED BY THE CHRISTIAN BROTHERS.
 This thoroughly Commercial Establishment is under the distinguished patronage of His Grace, the Archbishop, and the Rev. Clergy of the City.
 Having long felt the necessity of a Boarding School in the city, the Christian Brothers have been untiring in their efforts to procure a favorable site whereon to build; they have now the satisfaction to inform their patrons and the public that such a place has been selected, combining advantages rarely met with.

The Institution, hitherto known as the "Bank of Upper Canada," has been purchased with this view and is fitted up in a style which cannot fail to render it a favorite resort to students. The spacious building of the Bank—now adapted to educational purposes—the ample and well-devised play grounds and the ever-reverberating breezes from great Ontario all concur in making "De La Salle Institute" whatever its directors could claim for it, or any of its patrons desire.

The Class-rooms, study-halls, dormitory and refectory, are on a scale equal to any in the country. With greater facilities than heretofore, the Christian Brothers will now be better able to promote the physical, moral and intellectual development of the students committed to their care.

The system of government is mild and paternal, yet firm in enforcing the observance of established discipline.

No student will be retained whose manners and morals are not satisfactory: students of all denominations are admitted.

The Academic Year commences on the first Monday in September, and ends in the beginning of July.

COURSE OF STUDIES.
 The Course of Studies in the Institute is divided into two departments—Primary and Commercial.

 OF

RHEUMATISM
 BY THE
DIAMOND-RHEUMATIC CURE.

THIS STATEMENT IS SUBSTANTIALLY A FACT based upon evidence in the possession of the Agent, in the shape of numerous testimonials from past sufferers, in all the walks of life, particularly from some of the most respectable and trustworthy families in Canada.

Diamond Rheumatic Cure,
 In its history, this invaluable Medicine occupies the most honorable position possible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietor, and always sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and its acknowledged value as a Rheumatic Remedy, the demand for it became so frequent and urgent as to oblige its proprietor to increase his capabilities for its manufacture. Its reputation rapidly extended, and soon orders, letters of inquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States and Canada; and in this way on a basis of its merits alone—unaided by "tricks of the trade" or special efforts—it has risen to its present enviable position. Wherever introduced it has received the most flattering preference in the treatment of all rheumatic complaints. In this we are really grateful and happy, not alone because our medicine finds ready sale, and is consequently profitable to us, but because we open a new field in medical science, and cure at once what the best medical practitioners have for ages found so difficult even to relieve. We fill a place heretofore unoccupied. We relieve the suffering and minister to God's poor; we restore the laboring man to the use of his injured limbs, and save him scores of times its cost in doctor's bills; we carry contentment and gladness into the home of the afflicted, and consequently are remembered by millions of grateful souls.

In simple cases sometimes one or two doses suffice. In the most chronic case it is sure to give way by the use of two or three bottles. By this efficient and simple remedy hundreds of dollars are saved to those who can least afford to throw it away, as surely it is by the purchase of useless prescriptions.

It is prepared by a careful, experienced and conscientious physician, in obedience to the desire of numberless friends in the profession, in the trade and among the people. Every bottle is warranted to contain the full strength of the medicine in its highest state of purity and development, and is superior to any medicine ever compounded for this terrible complaint.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and sufferers cannot reasonably hesitate to give it a trial.

This medicine is for sale at all druggists throughout the Province. If it happens that your Druggist has not got it in stock, ask him to send for it to

 Shares \$100 00 payable ten per cent quarterly.—
 Dividends of nine or ten per cent can be expected by Permanent Shareholders; the demand for money at high rates equivalent by compound interest to 14 or 16 per cent, has been so great that up to this the Society has been unable to supply all applicants, and that the Directors, in order to procure more funds, have deemed it profitable to establish the following rates in the

SAVINGS DEPARTMENT:
 For sums under \$500 00 lent at short notice..... 6 per cent
 For sums over \$500 00 lent at short notice..... 5 " "
 For sums over \$25 00 up to \$5,000 00 lent for fixed periods of over three months..... 7 " "

As the Society lends only on Real Estate of the very best description, it offers the best of security to Investors at short or long dates.

In the Appropriation Department, Books are now selling at \$10 premium.

In the Permanent Department Shares are now at par; the dividends, judging from the business done up to date, shall send the Stock up to a premium, thus giving to Investors more profit than if they invested in Bank Stock.
