

Consumption Cured.
 Since 1870 Dr. Sherar has each year sent from his office the means of relief and cure to thousands afflicted with disease. The correspondence necessitated by this work becoming too heavy for him, I came to his aid. He now feels constrained to relinquish it entirely, and has placed in my hands the formula of that simple vegetable remedy discovered by an East India missionary, and found so effective for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Diseases; also a positive and radical cure for Nervous Debility and all Nervous Complaints. Its remarkable curative powers have been proven in many thousand cases, and, actuated by the desire to relieve suffering humanity, I gladly assume the duty of making it known to others. Address me, with stamp, naming this paper, and I will mail you, free of charge, the recipe of this wonderful remedy, with full directions for its preparation and use, printed in German, French or English.—W. A. NOYES, 149 Peter's Block, Rochester, N. Y. 16-13cworth

DARING ATTEMPT TO CHLOROFORM AND ROB A FAMILY.
 Woodstock, N. B., June 21.—This morning about two o'clock a villain entered the residence of Mrs. Geo. H. Connell, no doubt with the intention of robbery. He climbed upon the veranda by a ladder, and from there he entered the bedroom, where Mrs. Kate Connell and Mrs. Buck were sleeping. He attempted to chloroform them, and they were nearly under its influence, when Mrs. Connell was aroused by their heavy breathing, and entered the room. The miscreant immediately fled. The bed clothes were found saturated with chloroform. No clue to the perpetrators.

"ROUGH ON RATS."

Holloway's Pills.—No Mystery.—Whenever the blood is impure or the general health is impaired, the human body is predisposed to attacks of any prevailing epidemic. The first indications of faulty action, the first sensations of deranged or diminished power should be rectified by these purifying Pills, which will cleanse all corrupt and reduce all ailing functions to order. These Pills counteract the subtle poisons in decaying animal or vegetable matter, and remove all tendency to bowel complaints, biliousness, and the host of annoying symptoms arising from foul stomachs. The fruit season is especially prone to produce irritation of the bowels and disorders of the digestive organs; both of which dangerous conditions can be completely removed by Holloway's corrective medicine.

THE FRENCH-CANADIAN CELEBRATION AT COHOES.
 ALBANY, N. Y., June 22.—The members of Le Lacandien Snowshoe Club, with the St. Jean Baptiste delegates and their band, arrived in Cohoes at 2 a. m. They were met at St. Albans and Troy by their American confederates, and were welcomed at Cohoes by Dr. Pelletier, who deserves high praise. As the procession was going along White street Mr. Baussals, the President of the Club, was presented with a very handsome bouquet by two little girls. Some of the visitors are leaving for Troy, Albany, New York, etc. The procession takes place to-day, and promises to be a very imposing spectacle.

We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette.—Made simply with boiling water or milk. A MODEL SPANISH GRANDEE.

(London Truth, June 8.)
 The Duke of Osuna, whose death is announced, was a curious specimen of an old-fashioned Spanish grandee. He had about fifty titles, many of them being historical, for a Spanish grandeehip can be inherited through the female line. He was a singularly stupid and a singularly liberal man, being possessed of vast estates. For years he contemplated marriage but never could bring himself up to the proposing point. Eventually he married a German lady, but with difficulty prevented from running away on the day of the ceremony. He always insisted that the Empress Eugenie owed her throne to him, as the Emperor Napoleon would never have married her had he not feared that if he delayed she might become Duchess of Osuna. Among other vagaries, he wished to be loved for himself—a contingency in the highest degree improbable—and he proposed once to me to go with him to Scotland, and to introduce him under a feigned name to the pepper chief of some ancient family, who was blessed with a beautiful and high-spirited daughter. This damsel, he anticipated would fall in love with him, and only then would he reveal his real name. I did not happen to know just then of such a damsel, or I would have gratified him, in which case I should have given a private hint to the daughter of the pepper chief, which probably would have facilitated matters. For some years he was Spanish Ambassador at St. Petersburg, but he always refused to draw his salary, so to do so was beneath the dignity of an Osuna. His notions of hospitality were of the grandest. In Madrid open house was kept in one of his palaces, whether he was there or not. One day a lady told him that she was going to some town in Spain, and promising he had a palace there, he begged her to use it, but finding that he was mistaken, he at once ordered one to be bought and furnished in order that the invitation should stand good. It was difficult to praise anything in his presence, for he at once insisted upon the person who praised it accepting it. One of his estates in Spain was so large that it supported a band of robbers, who respectfully called themselves "the robbers of the Duke of Osuna." Of this he was exceedingly proud.

HAUNTED ME.
 A workman says: "Doubt, poverty and suffering haunted me for years, caused by a sick family and large bills for doctoring, which did no good. I was completely discouraged until one year ago, by the advice of my pastor, I procured Hop Bitters and commenced their use, and in one month we were all well, and none of us have been sick a day since; and I want to say to all poor men, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost."—Christian Advocate.

Liver Pills.
MALARIA! MALARIA!!
 THE CAUSE OF DISEASE IN THE STOMACH, KIDNEYS AND NERVOUS SYSTEM!
 Below will be found a brief Summary of a Lecture upon the Liver, delivered before the Eclectic College of Medicine, by
DR. J. HAYDOCK.

The Liver has been known as the great blood-maker and blood-purifier of the circulation. From its size and spongy structure, it plays a most important part in the animal economy, its regards assimilation and secretion. Food taken in the mouth and acted upon by the digestive organs of the stomach is converted into Glucose or Peptone, and in these forms enters the Portal vein. Here, by the action of the Liver, these substances are converted into a form of sugar and pass out of the Liver by a large vein, called the Hepatic vein, into the general circulation. The new material now formed serves two purposes, viz: the maintenance of heat in the body and assisting in the cell growth of the system.
 Dr. Murehison says:—"The composition of bile and its secretion is very complex. It is constantly being secreted by the Liver, and increasing suddenly before eating, gradually decreasing as soon as the appetite is satisfied and feeding ceases." Now, if this most important organ of the body becomes torpid, or the passage of bile interfered with, emaciation and disease ensue. I note eight marked peculiarities that now occur, and which we all know of:
 1. The patient complains of a feeling of weight and fullness of the epigastrium.
 2. Distention of the Stomach and bowels is by wind.
 3. Heartburn.
 4. A feeling of weariness, pains in the limbs, and great sleepiness after meals.
 5. A bad taste in the mouth, especially in the morning, and furred tongue.
 6. Constipation, with occasional attacks of diarrhoea.
 7. Headache in front of head.
 8. Depression of spirits and great melancholy, with lassitude and a disposition to leave everything for to-morrow.
 All of the above symptoms go to show functional derangement of the Liver; and now comes the great importance of any remedy which acts upon the condition of the patient. He should immediately provide himself with a LIVER STIMULANT, the most common form of which is a Pill. Daily experience shows that this, when the Pill is compounded properly, is the real mode of healing and promoting the action of the Liver, and can be almost always relied on. I have devoted many years of my life, as many of you now before me know, to compound a Pill that will act readily and systematically as a BILIOUS Remedy. I do not believe in great purgatives, and therefore have made a Pill, one of which is an active and thorough dose. I have called it

THE WEBER BABY GRAND.
 RECEIVED HOME.
"THE WEBER PIANO"
 Is generally acknowledged the grandest instrument of music which has ever appeared in the household, or adorned the Lyric Stage. Its tones are pure and beautiful beyond all others. It is sweet, sympathetic and plaintive, or loud, grand and majestic, at the will of the performer. In its capacity to portray feeling, and in its wonderful power of expression, it stands absolutely without a rival. The duration of its tones, quick responsive action, and perfect mechanism, place it, in the estimation of all musical people, above and beyond all its competitors. For many years the "Weber" Piano was used only by the wealthy and musical aristocracy of the United States; but since the Philadelphia Exhibition, where it was first placed before the public in competition with the great makers of the world, the demand for it has been unprecedented.
 The first second-hand instrument of this maker, offered at public competition in Montreal, though a square several years in use, realized \$515.00. This was far above the price reached by any other piano, and shows that a good piano, like a good painting, will always command its price.
