A MILLER'S STORY.

HE WAS GIVEN JUST ONE MONTH TO LIVE.

FIRST ATTACKED WITH INFLAMMATORY BHRUMATISM, AND THEN STRICKEN WITH PARALYSIS-HOPE ABANDONED AND HE LONGED FOR DEATH TO RE-LEASE HIM FROM SUFFERING—AT LAST HE FOUND A CURE AND BELATES HIS WONDERFUL DISCOVERY.

Sherbrooke Gazette.

The benefits arising from the use of Dr. Williams' Pink Pills are well known to the Gazette. It is a frequent occurrence that people come into the office and state that they have been restored to health by their use. It occasionally happens that extraordinary instances of their curative powers come to our notice, and one of these was related to us recently, so astonishing in its nature that we felt the closest investigation was required in order to thoroughly test the socuracy of the statements made to us. We devoted the necessary time for that we devoted the necessary time for that purpose and can vouch for the reliability of the following facts, wonderfully passing belief as they appear:

There are few men more widely known in this section than Mr. A. T. Hopkins,

of Johnville, Que. Previous to his removal to Johnville, Mr. Hopkins resided at Windsor Mills and was for three years at Windsor Mins and was to the years a member of the municipal council of that place. When a young man Mr. Hopkins was noted for his strength and his activity as a westler. His strength stands him in good stead for he works hard at his business, carrying heavy sacks of flour in his mill for many hours during the day and frequently far into the night. Active as he is, and strong as he is, there was a time not long distant when he was as helpless as an infant and suffered intolerable agony. About three years ago, while residing at Windsor Mills, he was attacked by inflammatory worse and rheumatism. It grew worse until, in spite of medical advice and perhaps prescriptions, after a year's illness he had a stroke of paralysis. His right arm and leg became quite useless. Sores broke out on both legs. He suffered excruciating agony and had rest neither day or night. He sought the best medical advice that songht the best medical savice that could be obtained, but no hopes were held out to him by the physicians. "He will certainly die within a month," one well known practitioner told his friends. "He will be a cripple for life," said two other doctors. It is no wonder that, as he says, life became a burden to him and he longed for death to relieve him. and he longed for death to relieve him from his sufferings. This was in August, 1892. About October of that year he heard of Dr. Williams' Pink Pills and as a forlorn hope determined to try them. He did so, and before long was able to take outdoor exercise. He persevered with the treatment, closely following the directions, and is to-day nearly as transfer as when a real party and the directions are transfer as the second strong as when a young man, and is able to follow successfully and without difficulty the laborious calling by which he

gets a living.
Such was the wonderful story told the Gazette by Mr. Hopkins, who attributes his recovery solely to the use of Dr. Williams' Pink Pills, and he is willing to satisfy any person who may call on him as to their wonderful effects.

A deprayed condition of the blood or a shattered nervous system is the secret of most ills that afflict mankind, and by re-Btoring the blood and rebuilding the nerves, Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatics, rheumatism, erysipelas, scrofulous troubles, etc., these pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to sallow cheeks. Men broken down by overwork, worry or excesses, will find in Pink Pills a certain cure. Sold by all dealers or sent by mail, postpaid, at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y. Beware of imitations and substitutes alleged to be "just as good."

THREATENS TO BLOW UP A CHURCH.

HAVERHILL, March 7.—There is great excitement among the Catholic residents. of the city to-day over the announce-

his possession a letter in which it is stated that St. James' church will be blown up next Sanday morning, while the

morning services are in progress. Rev. Fr. O'Doherty thinks that the letter was written by a crank, as it is unsigned. Nevertheless, a sharp watch will be kept upon the church from now until after Sunday.

Rev. James O'Doberty called upon Mayor Jewett and showed him the let-

It is stated, in addition to the threat that St. James' church would be blown up, that he, Fr O'Doherty, would be shot down on sight.

City marshal Rand has placed detectives at work on the case.

To The Globe correspondent Rev. Fr. O'Doherty stated the letter was the work of some crank who had become excited over the auti-Catholic meetings held in this city, and who imagined that he would be fulfilling a divine mission by razing the church and shooting the pastor. He did not fear bodily harm, as he was able to defend himself.

SET FIRE TO A CHURCH.

AN ATTEMPT TO DESTROY ST. PETER'S CHURCH IN BOSTON.

Boston, Mass.—An attempt to burn St. Peter's Catholic Church while 1 200 people were attending evening service was made last Thursday night. The blaze was discovered and extinguished in time to prevent serious damage to the building. Rev. Father Peter Ronan, officiating clergyman, was burned about the hands while extinguishing the flames. This is the third Catholic church to be visited by re within eight days. Theother two, St. Anne's, Dorchester, and Gate of Heaven, South Boston, were destroyed.

WHERE DID CAIN CET HIS

has pussled Bible Students for ages. We don't know; however, we do know where you can get a good fitting suit of clothes made to measure at a low price, and a large variety of new materials to choose from.

ASK THE FIRST MAN

you meet, who is wearing a good fitting suit, where he has had his clothes made. We'll wager a gum drop he'll say at Kennedy's in the Main Street. For thirty-four years K-nnedy's Clothing has withstood the keenest competition, has seen rivals rise and fall, and is to-day a shining example of the survival of the fittest.

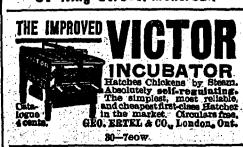

SHOULD KNOW

that the largest stock of Clothing in the city for Men and Boys, at economical prices, can only be found at

3í St. Lawrence Street.

67 King Street, Montreal,

Society and general Job Printment that Rev. James O'Doherty has in ing at The True Witness office.

Reigns

What the Rose is to the flower-garden, Silk is to the garden of fashion. It is never superseded. "In silk attire," hiscory moves through the centuries! "In silk attire," humanity joys and corrows! Through all the varying vagaries of taste, silk is still "heir to the ages."

Its immortality is assured. It is old and yet young. It is classic and yet modern. It joins the unwearied patience and the delicate conceptions of the long dead generations to the dexterous maniulative skill, and the fresh ideas of this present year of grace.

In confirmation of this fact, we invite inspection of our New Spring Shipments just placed into stock. They embrace all the latest triumphs and novelties of the looms of Europe, and will more than maintain the royal prestige of this great fabric. Their cheapness is only a little ess wonderful than their marvellous beauty.

Just received 5 cases of New Silks, all the novelties, plain and fancy, for Dresses, Blouses, etc. Grand display!

QRATEFUL-COMFORTING.

BREAKFAST-SUPPER.

BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Uccoa, Mr Epps has provided for our breakfast and supper a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies art docting around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourseives well for tifled with pure blood and a properly nourished frame."—Ctvil Bervice Gazette.

Made simply with boiling water or milk. Sold only in packets, by Grocers, labelled thus:
