A CITIZEN OF QUEBEC

CURED OF FIFTEEN RUNNING SORES.

The following letter was received by one of the most respectable Druggists in Quebec, Canada:

W. E. Brunet, Esq , Druggiet, Pont St. Roch (or Craig) Street, Quebec.

Dear Sir, - This is to certify that I have been thoroughly and entirely cared of Fifteen Sores which I had on my right arm, by the use of BRISTOL'S SARSAPARILLA. These sores had been on my arm for over four years, and during that time had been continually discharging, which weakened me so much that I was unable to leave my bed for four months. Having heard of BRISTOL'S SARSAPA-RILLA, I made up my mind to try it. I used six bottles with the best results; for am now as strong and as able a workwomen as I was before having the sores.

CONSTIPATION OF THE BOWRLS. - How many of our citizens are suffering from this disease, and expacting to be cured by the use of violent purgatives, which debilitate the system, and cause a return of the disease with increased asperity? Is it not better to have a remedy that will cure, by giving strength and vigor to the bowels, enabling them to perform their functions in a natural manner? Such a remedy is "HOOFLAND'S GERMAN BITTERS." It will not purge you, but, by its great invigorating and tonic properties, will give your system a tone that will enable it to perform all its functions in a vigorous and natural manner. ANOTHER MEDICAL TRIUMPH .- Wonderful cure of rheumatism. No disease is more agonizing than Rheumatism; none more difficult to relieve; yet a case which, for thirty years, had bailled the F has, it appears been completely cured. The particulars are given, with expressions of astonishment at the result, in many of the western journals. They state that John Roche, of Cleveland Ohio, age fifty-six years, had for the greater part of his life, endured terments of the most terrible description. His limbs had been racked, and contorted by pain and muscular contractions, until his knee-joints were of the size of a man's head, and his fingers knotted and drawn up, until they resembled the claws of a bird of prey more than human hands, while a scrofulous tendency in the blood was indicated by blotches and pustules on various parts of his body. In this dire condition he began to use BRISTUL'S SUGAR-COATED PILLS, in conjunction with that great antidote to the virus of scro-faloa, BRISTOL'S SARSAPARILLA. Eleven visls of the Pills and eight botties of the Sarsaparilla, relieved him from every vestige of (pain; and, although his limbs and joints have been only partially relaxed (for they were beyond absolute cure), he is now well, cheerful and able to attend to his business. They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, BRISTOL'S SARSA-PARILLA should be used in connection with the

Pills.

Montreal, C.E., Oct. 20, 1858.

S. W. Fowle & Co., Boston-Gentlemen,-Having experienced the most gratifying results from the use cellence as a Liniment of Dr. Wistar's Balsam of Wild Cherry, I am induced to express the great confidence which I have in its efficacy. For nine months I was most cruelly affect ed with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. In October the symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was completely restored to health. I have used the Balsamin my family and administered it to my children with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknow-

St. Hyacinthe, C.E., Ang. 21, 1856.

Messrs. Seth W. Fowle & Co, - Gentlemen - Several months since a little daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of your Dr. Wistar's Balsam of Wild Cherry. In three hours after the had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have agod it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce any body to use your Balsam I shall be glad, for I have great configuration in the state of the state dence in it .- Yours, P. GUITTE,
