Wooden Doors

Estimates for wooden door production are set out in Table 17. The number of wooden entrance doors dropped from 600 000 in 1982 to 220 000 in 1988. As shown in Table 6, this drop has been largely in favour of aluminum doors.

Table 17
Apparent Demand for Wooden Entrance Doors
1982 - 1988

<u>Year</u>	<u>Shipments + Imports</u> ('000 units)
1982	600
1983	420
1984	360
1985	300
1986	260
1987	340
1988	220
