Article IV

Functions of the International Meat Council and Co-operation between the Participants to this Arrangement

1. The Council shall meet in order to:
 - (a) evaluate the world supply and demand situation and outlook on the basis of an interpretative analysis of the present situation and of probable developments drawn up by the secretariat of the Arrangement, on the basis of documentation provided in conformity with Article III of the present Arrangement, including that relating to the operation of domestic and trade policies and of any other information available to the secretariat;
 - (b) proceed to a comprehensive examination of the functioning of the present Arrangement;
 - (c) provide an opportunity for regular consultation on all matters affecting international trade in bovine meat.
2. If after evaluation of the world supply and demand situation referred to in paragraph 1 (a) of this Article, or after examination of all relevant information pursuant to paragraph 3 of Article III, the Council finds evidence of a serious imbalance or a threat thereof in the international meat market, the Council will proceed by consensus, taking into particular account the situation in developing countries, to identify, for consideration by governments, possible solutions to remedy the situation consistent with the principles and rules of GATT.
3. Depending on whether the Council considers that the situation defined in paragraph 2 of this Article is temporary or more durable, the measures referred to in paragraph 2 of this Article could include short-, medium-, or long-term measures taken by importers as well as exporters to contribute to improve the overall situation of the world market consistent with the objectives and aims of the Arrangement, in particular the expansion, ever greater liberalization, and stability of the international meat and livestock markets.
