

Northern Ontario Pipe Line Corporation

Mr. Speaker: In my opinion the yeas have it.

And more than five members having risen:

Mr. Speaker: Call in the members.

May I ask hon. members—

Some hon. Members: Oh, no, no.

Some hon. Members: Order.

Mr. Speaker: Hon. members are now saying "order", but because of the previous noise I was not allowed to start putting the question. May I ask hon. members to realize that if noise prevails in the chamber it will be most difficult for the Clerk and the Clerk Assistant to proceed with the taking of the division. I would ask them to co-operate in this regard.

Mr. Fulton raised a point of order to the effect that when the resolution under closure had been adopted, reported and concurred in it was not in order to proceed with any further business unless unanimous consent was obtained. I ruled that with the concurrence in committee of the whole an order of the house should then issue for leave to introduce a bill and that it was customary to introduce such a bill forthwith. Whereupon Mr. Fulton appealed to the house from my ruling.

The house divided on the question: Shall the Speaker's decision be sustained? And the decision of the Chair was sustained on the following division:
