(Questions answered orally are indicated by an asterisk.)

## ORDER PAPER QUESTIONS

Question No. 190—**Mr. Lefebvre:**

1. Of the 2,723 written questions placed on the Notice Paper as of October 22, 1969 in the First Session of this Parliament, has the government any estimate of the cost of answering such questions?

2. How many questions have been answered to date?

3. How many man-hours is it estimated were involved in answering these questions?

4. What was the total estimated cost of answering the questions?

5. What are the identifying numbers of the 20 questions which cost the most to answer, giving the estimated cost of each one?

**Mr. J. A. Jerome (Parliamentary Secretary to President of the Privy Council):** 1. No.

2. 2,723.

3, 4 and 5. Because personnel from many different departments are involved in the preparation of answers, it is impossible to prepare the kind of man-hours or cost evaluation requested in questions 3, 4 and 5. See *Hansard* dated March 1, 1967, page 13,613.

## RESEARCH, DEPT. OF SECRETARY OF STATE

Question No. 620—**Mr. Comeau:**

1. In 1968-69 and 1969-70, what were the estimated sums spent on research in the Department of the Secretary of State and what was the purpose of each research project?

2. How much money was actually expended according to Dominion Bureau of Statistics figures?

**Mr. J. A. Jerome (Parliamentary Secretary to President of the Privy Council):** I am informed by the Department of the Secretary of State and the Dominion Bureau of Statistics as follows: 1. Sums spent on research: 1968-69, \$43,211; 1969-70, \$301,891.

Purpose of research projects: Study of film industry; Study of archeology in Canada; Task force on educational broadcasting; Study of heraldry in Canada; Study of media and political process, Study of Francophone youth; Study of immigrants and official languages; Committee on youth; Study of Canadian Indian youth workshop; Action research on youth programs; Research on Indian participation; Study on Winnipeg ethnic groups; Study on research material pertinent to Indian and Eskimo participation; Study for publica-

tion on Indians; Study in migration of native people; Study of commissions of enquiry and investigations relating to land claims of people of native ancestry in Canada; A bibliography and critical analysis of existing literature of Malecite language; Study of methodology in a community analysis inventory; A study of the human effects of some economic development decisions; A study of social learning in a cross-socio-economic setting; Study of research projects and government documents for termatrix system; Review of selected research on migrants in Canada; Study of cultural differences of ethnic groups in Calgary; Study of cultural processes in the Chinese community of Vancouver; Study of research relevant to concepts of social distance, culture shock, cultural perception and cultural differences; Study of travel and exchange opportunities at community colleges; Study of Children's International Villages; Methods and recommendations for establishing an international travel and exchange project for the physically handicapped; Study in model procedure and conduct in press analysis; Collect data on emerging black groups in Canada and offer recommendations; Collect and analyze data on neighbourhood action projects and offer recommendations; Study on citizenship; Survey of federal government youth programs; Analysis of community self-analysis project at Algonquin College.

2. The Dominion Bureau of Statistics does not have actual expenditures on research for 1968-69 and 1969-70. A survey requesting information on actual expenditures for 1968-69 and estimates for 1969-70 on research in the natural and engineering sciences is in process.

## MILITARY ITEMS OR EQUIPMENT SOLD TO PORTUGUESE COLONIES

Question No. 1,617—**Mr. MacDonald (Egmont):**

1. Since 1960 what military items or equipment has Canada sold to Portugal and by type, at what cost?

2. Since 1960, what military arms or equipment has Canada sold to Angola, Mozambique or Portuguese Guinea?

3. Since 1960, has Canada sold any commodity that could be considered of a military nature, to Angola, Mozambique, Portuguese Guinea or Portugal?

4. To the knowledge of the government are any Canadian arms or military equipment being used in the persecution of domestic conflicts in Angola, Mozambique or Portuguese Guinea?
