

IT'S GOOD IF IT COMES FROM OAK HALL

A Perfect Fit

depends upon the cutting first. We look well after that. We pay especial attention to the cutting of our clothing. It is intelligent attention. We have the best cutters in the land and they are kept busy. That is why our OVERCOATS fit so well and why we have so many broken sizes. The best selling lines naturally go first and the result is an accumulation of odd coats. These will probably all be gone by Saturday night. While they last—and all sizes from 34 to 44 are represented now—you may have

12.00 Overcoats for 8.50
7.00 to 10.00 Overcoats for 5.50
7.00 to 10.00 Ulsters for 5.50

A Fancy Vest Chance For Christmas Presents

On Saturday you may have your choice of our entire fancy vest stock for 2.00. The regular values are mostly 3.00 and 3.50 and a few at 2.50. The materials are English Fancy Worsteds, Twills and Corduroys, many of them interlined with fibre chamois. Sizes are 34 to 44.

The choruses were delightful; the solo parts were rendered with a measure of success that showed how carefully each one had been selected to take the particular part. How true it is, as Madame Albani has said, that "an artist must necessarily rise in no small degree on the instrument used in her public entertainments, and must consequently will come in having an instrument that responds instantly to every demand made upon it." It was clearly manifest last night in the splendid assistance that was given the artists at important parts of the program in the use of a Holman & Co. new scale grand piano. It was of this same instrument that Madame Albani spoke in her words that were just quoted, and her endorsement of their wonderful tone and singing qualities has been confirmed practically for all the great foreign artists, as well as those at home, who have given concerts in Toronto and elsewhere in Canada in recent years. We were astonished to find such excellent grand pianos manufactured in Canada.

The Last Traces of Misunderstanding With France Have Now

Disappeared.

Rome, Dec. 15.—During the debate on the budget in the Italian Chamber of Deputies to-day, Admiral Canavero, Minister of Foreign Affairs, referring to Italy's foreign relations, said there had been no change of policy with regard to alliances, and that the relations of Italy with other nations had never been so friendly as at the present time. The Government is particularly gratified, he declared, "at the conclusion of the Franco-Italian treaty, which makes us confident of the ability of Italy to protect the last traces of misunderstandings with France and to establish mutual cordiality and friendship."
