FLASHES NOT VISIBLE IN TOWER. Third Trial Will Be Made to See

Them From Scarboro Bluffs. Another experiment was made last night by Prof. Seaver, superintendent of the electrical display at the Pan-American Exposition, to communicate with Toronto by means of a search-light, but, like the first one, it proved a failurs. Mr. william S. the trial were on hand in the City Hall tower, and, altho they craned their necks and glued their eyes on the horizon, they failed to catch even a glimpse of the flashes

from the huge instrument. Conditions Unfavorable. Volumes of thick smoke hung over the

and generous employment of a vast fortune. Besides, her freaks and bad 'breaks' amused society.

The newspapers ascribe this surprising suicide to disappointed love. The Soir says she recently had grown fond of a handsome fellow under 30 named Trivell, who passed himself off as an Italian officer; that the Baroness had expected to marry him, but that a fortnight before the appointed day Trivell disappeared with all her jewels and a lot of negotiable honds.

The Baroness sent for a niece to live with her at Monaco, but 2 vidently vas unable to recover her wonted spirits.

The Baroness had expected to marry him, but chart a fortnight before the appointed day Trivell disappeared with all her jewels and a lot of negotiable honds.

The Baroness sent for a niece to live with her at Monaco, but 2 vidently vas unable to recover her wonted spirits.

The Baroness have been recovered, and dozomb bors have been recovered, and dozomb honds are engaged in search ing for Mr. Beachum's remains.

A sad recollection about the affair is that the only other accident which has occurred for having been in the water several days. She left no message, but had been in low spirits for some time, and was under treating for Mr. Beachum's remains.

A sad recollection about the affair is that the only other accident which has occurred off this breakwafer for 22 years was that in which the late Charles Farntom was occurred off this breakwafer for 22 years was that in which the late Charles Farntom was occurred off this breakwafer for 22 years was that in which the late Charles Farntom was occurred to be affait to be a manual treatment of the same very pronounced

About three miles north of Mattawa, the has been completed with all due haste, and is being inflated at Colombes. This machine is the invention of M. Roze, and much money has been spent on it.

The inventor has studied the laws of aerial navigation for 15 years and is sure he has mastered them with the "Aviator Roze."

About three miles north of Mattawa, the river converges in a roaring torrent, known as La Cave Rapids, which are only navigable under certain conditions.

While the party were debating the feasibility of shooting the rapids, the fore-Roze."

The machine has a capacious car and will carry eight passengers. Despite Santos-Dumont's narrow escape from death, many enthusiastic aeronauts are ready to pay heavily to accompany M. Roze on his trial for the Deutsch prize.

The machine has a capacious car and most cance, with Mr. Douglas in the foremost cance, with Mr. Douglas in the bow and Mr. Love steering, suddenly shot out into the swirling water. The frail craft was rushing along at a high speed, when, all at once, it took a drop of about five feet. Douglas and Love were thrown
