

In conclusion we may mention the following gratifying facts. The attendance on our various Educational Institutions has largely increased during the past year. In no case has there been cause for serious discipline or anxiety respecting the moral welfare of the students. A large proportion of the students in many of the Institutions are faithful members of our Church. In all the schools Bible-classes, prayer-meeting, and our social means of grace are regularly maintained, and at several places there have been gracious revivals during the year. Thirty-five young men from our Theological schools have been received on trial for the ministry by the various Conferences in June last, viz., twenty-five from Victoria College, eight from the Mount Allison Wesleyan College, and two from the Wesleyan Theological College of Montreal.
