MAKE WEIGHTS.

Mankind are a race ov co-
quets, even virtew herself luv
once in a while to flirt with the
the devil.

—O—

Luvvers will manage to liv on
luf for a very long time, with an
ockashional chance at beefstake
and onions.

—O—

Biographys are delitesum read-
ing, we kompare all the virtews
ov the persons karakter with our
own, and all hiz failings with our
nabors.

—O—

I know numbers who owe
mutch ov their virtew to their
ekonomy, they are too stingy to
pay the market price ov iniquity.
