

NATIONAL PILLS,

(SUGAR COATED)

ARE A FIRST-CLASS MANDRAKE PILL.

THEY CONTAIN NO MINERALS OR DELETERIOUS DRUGS.

ARE MILD IN THE ACTION.

THEY DO NOT LEAVE THE BOWELS COSTIVE.

CAN BE TAKEN AT ALL TIMES WITHOUT INJURY TO BUSINESS.

All who have tried these PILLS, recommend them as the safest, mildest and at the same time most effectual family physic pill now in use. It has long been very much desired by medical men to discover a harmless substitute for Calomel, or Blue Pill—something to act thoroughly upon the liver, and produce a free flow of bile—to have the good effect of mercurials without their injurious action on the system. These NATIONAL PILLS, by a peculiar combination of the *May-Apple* or *Mandrake*, with other valuable extracts, have this effect, and are admitted by many eminent physicians to be the most thorough substitute for mercurials yet discovered. They are entirely vegetable; and being prepared from the juices of plants and roots, which grow in our own forests, and on the banks of sedgy rivulets. are especially adapted to the system of our people.

For purifying the blood, removing bilious obstructions, and difficulties, and cleansing the entire system, abundant experience proves that they have no superior.

No expense or trouble has been spared in their improvement and manufacture, to make them in every respect, a better cathartic and purgative pill than has ever before been available to mankind. Long experience has determined and perfected the exact proportions, and best mode of preparation and combination, of the vegetable juices of the plants and roots of which they are composed. They produce no nausea or griping, and do not injure delicate persons or even children, yet are sufficiently active and searching to purge out obstructions in vigorous and robust constitutions. The highest chemical skill, and improvements of the last few years have been applied to the condensation and extraction of the medicinal virtues of the roots, plants, and herbs which compose them, by which they are rendered easily dissolvable in the stomach and more penetrating and effectual in purging out disease.

None who know the value of these Pills are willing to exchange them for any others, or neglect their use when suffering from the complaints which they cure, such as Costiveness, Bilious and Liver Complaints, Jaundice, Dyspepsia, Foul Stomach, Diarrhoea, Erysipelas, Diseases of the Skin, Dropsy, and Worms.
