Maid of All Work in a Home for the Aged

SWEET LITTLE MABEL TALIAFERRO

In Edward Carewe's Soothing Story

"GOD'S HALF ACRE"

Unique among motion pictures. It gives intimate details of two cases of great institutions—homes for the aged and hospitals for crippled children. Contrasted with these pictures of life among the unfortunate are scenes of wealth and distinction. The opening performance of a great play is depicted, and the notable responsible for its success are shown. In these widely different strata of society Henry Norman, the novelist, finds the material for his books, but the most fascinating of all his types is Blossom, the little maid-of-all-work at Rainbow's End, the home for the aged. Quiet and demure beyond her years, he calls her "The Little Old Young Lady."

MARY MILES MINTER

IN THE DELIGHTFUL PLAY OF OILSKINS AND THE SEA

"PERIWINKLE"

Really the best of Miss Minter's features. You will love her more than ever after you see her play the little sea waif.

Here's An Idea of the Plot
The story opens on a desolate beach near a life-saving station. The younger member of the life-guard crew, in, rescues a baby girl from a wreck. The child is cared for at the station, the men christening her Periwinkle. Ephraim Rawlins, aged beachcomber, living near the station with his widowed daughter, Ann, takes charge of Periwinkle and cares for her until she is sixteen. Dick Langdon, wealthy young New Yorker, is rescued by Periwinkle from the wreck of his yacht. Through her innocent goodness and faith, Periwinkle transforms Langdon from a blasé playboy to a useful member of society, and after a stormy courtship, marries him.

A Highly Interesting Story
Depicted against some exquisite and picturesque settings.

MYSTERY OF THE DOUBLE CROSS

"KICK IN" MOLLIE KING

In one of A. H. Wood's plays. Features two of the most popular movie stars, William Courtesy and Mollie King.

In the best crook play ever produced in pictures.

Ran on Broadway for two whole years.

Played the St. John Opera House several years ago.

And last of all, is the greatest attraction this theatre has offered this season. So great an attraction is it that the largest theatre in America has closed with such special productions as "The Common Law."

Demaree's Return May Help Giants

Looked Upon as Likely Pitcher To Bolster Up Twining Staff of New York Club

The deal with the Chicago club for the return of Al Demaree in exchange for Pete Kilduff serves to emphasize the serious problem which the recent cracking of the Giants' pitching staff presents. For some time it has been apparent that the hurling corps which has done service for the greater part of the year but which has been doing none too well lately, must be bolstered up if the team is to retain its hold on first place through the trying days which are to come.

The right handers of the staff have experienced a great deal of difficulty in their efforts to hold the opposing teams in check. So much so in fact that during the month of July only three complete victories have been turned in by the Giants' right handed fingers, Peritt pitching the full nine innings of two games which were won by the Giants and Anderson got the route once. The southpaws, Schupp, Salce and Denton, have done considerably better but the work of the pitching staff as a whole has not been up to the standard and a move to strengthen it was imperative.

In making the deal for Demaree the New York club figures that the cartoonist will turn in many victories with a team like the Giants behind him. Al Demaree possesses the faculty of making the enemy batters hit the ball about where support he will have as a member of the Giants staff it is reasonable to believe that he will win with greater frequency than he did while with the Phillies and Cubs.

It is unfortunate that little Pete Kilduff was demanded by Fred Mitchell in exchange for the pitcher for Pete has already made himself solid with the New York players and fans and was contented with his berth on the club. He was called upon quite frequently to replace Herzog and Fletcher during his short career with the club and proved to be a clever fielder and a little game cock in action. His hitting was rather light, however, but added experience in the league may bring about an improvement in his stickwork.

Demaree May Help Giants

Looked Upon as Likely Pitcher To Bolster Up Twining Staff of New York Club

Chicago, Aug. 6.—Big Ed. Walsh, once famous White Sox pitcher, has yet to prove that he is an exception to the rule "they never come back."

Pitching for the Boston Braves, he held the Cubs ruckus for five innings, allowing but three hits. He was wakened, however, and Stallings yanked him. Walsh didn't have the old "zip" to his fast ones, and his control was bad, five men walking.

"He hasn't much," was the verdict of the press box. Stallings said today he would give Walsh another chance later.

Lalonde Was Nearly Killed

Toronto, Aug. 6.—For about two weeks ending last Saturday Catcher Mickey Lalonde of the Leafs was hitting close to the 200 mark, but this week he has fallen off unexpectedly in his batting. Yesterday the hard-working backstop disclosed what may be the reason for his slump.

Lalonde's head, face and chest are covered with bruises and abrasions, and it transpires that he had a narrow escape from being killed at Buffalo on Sunday. "Mickey" has been doing all of the catching for the Leafs of late, including numerous doubleheaders. He got permission to visit his home in Buffalo on Sunday and visited Crystal Beach in company with Mrs. Lalonde and Mr. and Mrs. Joseph Hammer. The party decided to enjoy a "dip" in the rollers. Lalonde dived into the lake and landed head-on on a slightly submerged rock. He was rendered unconscious and was carried out of the water by Hammer.

Demaree Helps Giants Win

Pittsburgh, Aug. 2.—The Giants made it four out of five when they took today's game by a score of 7 to 3, using two pitchers. Al Demaree was called on the relief Rube Benton just as the Pirates were beginning to make merry at the port-side's expense. Al staged his come-back all right, for he kept the Buccaners away from the plate after he entered the box. There were two men on in the fifth and only one out when Demaree took the ball from Benton and struck out the clean-up batter and made the next man hit to the infield. After that he allowed two hits, passed one man and hit another, but never failed to come through when the locals threatened. Benton was touched up for two singles and a triple in the fourth, with three runs resulting, and it looked as if the Pirates had his measure in the fifth, the shift was made.

Beavers Lose to Penobscot

The Beavers, a local baseball team, played in Penobscot on Saturday afternoon and lost a fast eleven inning game by a score of 7 to 6.

The Secret of a Good Cigarette

—If a cigarette is made from Pure Tobacco—nothing but a high grade of mild tobacco leaves, sun cured and properly mellowed by age;—if the tobaccos have been skillfully blended so as to bring out all the best qualities in the different grades used;—then your cigarette will be cool and smooth both to your throat and tongue and you will be able to smoke practically whenever you want to without feeling any effect from it.

That's the secret. PURE TOBACCO—nothing added—naturally cured. Properly matured. Skillfully blended.

In fact Pure Tobacco in a cigarette is just as important to your health and enjoyment as Pure Milk, Pure Food, or Pure Water.

Try these Pure Tobacco Cigarettes, CRAVEN "A." You'll soon make them your steady smoke.

About two thousand persons gathered at Crystal Beach on Sunday for the annual church service under the auspices of the Royal Kennebecasis Yacht Club. The Anglican service of intercession was used and the sermon was preached by Rev. Dr. J. A. Morrison, as the chaplain, Rev. Dr. G. M. Campbell, missed train connections on Saturday and was unable to be present. Music was provided by an orchestra under the direction of Morton L. Harrison. The offering, which was a generous one, will be handed over to the Major Birks' Y. M. C. A. fund. Commodore F. P. Starr presided and had on the platform with him Mayor Hayes, J. C. Chesley, commodore of the St. John Power Boat Club, and the speaker, Rev. Dr. Morrison.
