second term of last year 1.831 were fe-THE WAR NEWS The sinking of the German cruiser males and 201 males. Apparently the re-Dresden, without the slightest damage to the British vessels attacking her, was naturally hailed with great satisfaction.

The crew of the Dresden were saved.
This leaves only the Karlsruhe and the Kronz Prinz Wilhelm to be accounted for of all the German vessels in the last ten years, as is shown in the following table, giving the average: for of all the German vessels in the Atlantic and the Pacific when the war Class of Teacher

A despatch from Rome says that relations between Italy and Austria are becoming more and more strained. The Scribian army has been strengthened and has received new supplies. The British are holding the ground which they gained at Neuve Chapelle, and in the east the Russians continue to hold their own and claim to be making some progress. Very heavy fighting both in the east and west is expected to take place within the next few days.

they really anticipate.

BRITAIN'S BLOCKADE POLICY
Britain's act of retaliation against Germany at sea amounts to a practical blockade of the German coast. A cordon of ships has been detailed to shut off the corpo will be selzed, unless it is shown that there has been a false declaration of destination. It is expressly stipulated, however, that the blockade will be raised in the carpo will be selzed, unless it is shown that there has been a false declaration of destination. It is expressly stipulated, however, that the blockade will be raised in the case of any nation which will certify that the ships frying its flag will not carry German goods or goods for Germany. Where a vessel has been taken into a British port and the cargo discharged, that cargo, if not contraband, and if not requisitioned for the use of his majesty, may by order of the court be restored to the owner. This relates to vessels bound from German ports. Cargoso of vessels bound from German ports may be detained or sold, but no payment smade until after peace has been completed, unless on the application of a proper officer of the crown, or unless it be shown that the goods had become neutral property before this proclamation was issued. The prize courts are given expressed oversels bound from Austria or Turkey, but is levelled against Germany alone, in response to the submariation policy of that country.

The Paris Journal Le Temps contrasts the treatment by the Germans, and expresses or confidence that the United States will receive in a friendly spirit to the read of the court by the Germans, and expresses of confidence that the United States will receive in a friendly spirit to the need of medical Inspection, and the interests of neutrals property before this proclamation was issued. The prize contrasts the treatment of American ships thus far by the Allies with their treatment by the Germans, and expresses confidence that the United States will receive in a friendly spirit the new delaration of the procession of the confidence of the cont

by the Germans, and expresses confidence that the United States will receive in a friendly spirit the new declaration of policy.

IN PARLIAMENT

"inherited and an entailed situation" to deal with. At the same time he drew attention to the "too vivid imagination" of parliamentarians, and drew the moral of the troubles that were still to come from the Canadian Northern and other railway legislation.

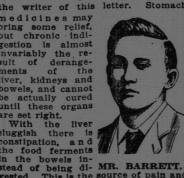

Ottawa, March 15—Sir George Foster, the chief debating force of the government, broke his long and significant silence in parliament today. He came, rumor shys, somewhat reluctantly to the defence of the budget proposals of the minister of finance. He was apologetic concerning the expenditures of the government, which had necessitated the increased taxation, but he grew more enthusiastic when he came to champion protection as against, what he called, the free-trade theories of the opposition. He protested that extravagance was a bad thing in the individual as well as in the nation, and though he admitted that there might be some reductions in expenditures made, as Sir Wilfrid Laurier lad suggested, he excused the government on the ground that they had an liament through the distribution from the regional that there was estill a preference.

The premier called attention to the new rule which provides for a double fee on all private bills not brought in within ten days after the house opens.

Hon, Dr. Landry presented a statement of the bonded indebtedness of the city of Fredericton.

Hon. Mr. Clarke presented the annual report of the crown land department. The house adjourned at 9.80 p. m.

A normal person perspires twice as much when asleep as when awake.

BRONCHITIS

If Neglected Will Surely Turn Into PNEUMONIA.

Turn Into PNEUMONIA.

The was pointed out that already manufacturers in all parts of Canada were taking advantage of the tariff increases to boost prices to consumers, taking from three to five dollars in increased profits out of the pockets of the people for every one that went into the public treasury.

Numerous instances of extravagant expenditures were given. As Mr. Hughes said, there was the overmanning of the civil service, small druggists and druggists clerks in Ottawa were expanding into wholesale firms over night, and securing orders of \$15,000 to \$40,000 on which they made from 40 to 80 per cent profit. Automobiles and motor trucks were being bought by the dozen at exorbitant prices and then disappearing.

Members of parliament, who did not know a hackney from a Clydesdale, had been buying horses for the army. A young lady typist in the office of the minister of miltia patened a shovel for the troops and the minister immediately ordered 25,000 of them and was ordering more.

Turn Into PNEUMONIA.

Bronchitis comes from a neglected told. It starts with a short, painful, dry cough, accompanied with rapid wheezing, and a feeling of oppression or tightness through the chest. At first the expectoration is of a light color, but soon becomes copious and of purulent character.

You have, no doubt, wakened up in the morning and have had to cough half a dozen times before you could raise the phlegm from your bronchial tubes, and when you do succeed in doing so you find that it is of yellowish or greenish color, and you get some telief right away. When this happens to you, you may rest assured that you have a touch of bronchitis, and if not cured immediately it will sooner or later develop into pneumonia or some other more serious trouble. Cure the cold, and thereby prevent bronchitis and pneumonia taking a hold on your system.

This can be quickly done by the use of DR. WOOD'S NORWAY PINE SYRUP.

Mrs. Rebecca Have, Mahone Bay, N.S., writes: "My little boy, aged six,"

ly ordered 25,000 of them and was ordering more.

THE LEGISLATURE

Fredericton, N. B., March 16—The house met at 8.30 p. m.

Mr. Graham presented the petition of the City of St. John in favor of a bill to amend the city assessment act and laws relating to civic franchise.

The house went into committee, with
