

JOHN C. NEEDHAM AMONG WOUNDED

Word Comes to Mother, Who Lives in Waterloo Street

Word received from his wife in Toronto by his mother, Mrs. T. H. Needham, Waterloo street, has brought news of the wounding of John C. Needham, in action in France with a battalion from Toronto where he enlisted with the first contingent.

He is a former St. John man, who has been residing for some years in Toronto. Formerly he was in Fredericton with the R. C. R. He served through the South African war, and when the bugles called again last fall was one of the first to respond to the summons. He is a thorough soldier both in appearance and inclination and his letters written home suggest that he has been fascinated with the excitement and thrill of battle.

He is now sergeant instructor, still holds the non-commissioned rank in France. Writing to his wife he speaks lightly of his wounds which are confined to his arm, and which he has had treated at the military hospital. His wife reads his letters with his mother and two brothers, William A. and Joseph A., with the St. John Railway Company, are here.

IMPERIAL PROGRAMME IMPROVED

The Imperial Theatre programme has undergone some radical change since Saturday's announcement and the result is that the Vitagraph's splendid three-part modern war-story, "Fawns of Mars" will be the leading feature. The fact that James Morrison, Rogers Lytton, Charles Kent and other leading stars, both male and female, of the Vitagraph Company, take part in this splendid picture, assures its acceptability. There will be aeroplane duels, bomb-throwing from the air, etc., as special bits of realism. The comedy will also be of Vitagraph production, "Bunny Boy" a Hat for His Bride, and the fifth reel will be the Animated Weekly. "Bunny Boy" is a European grotesque comedy which will be great fun for old and young throughout the week. They do some eccentric dancing, take magic and other very funny stunts.

You must come to Bassett's great sale.

GRAFTERS RAKED BY FREDERICTON PREACHER

Ottawa, British Columbia and New Brunswick—General News of Capital

Fredricton, N. B., June 28.—Rev. Dr. Smith scored the grafters in a sermon in St. Paul's church yesterday. He said the disclosures at Ottawa with respect to war contracts, and political conditions in Manitoba, and New Brunswick were enough to make every Canadian hang his head in shame. He thought that what was wanted was a spirit of individual responsibility. Presbyterian member of the New Brunswick legislature in conversation had said that the affairs of this province were in a very sorry mess, and that he was heartily sick of the way things were going. This same man did not help to make things better and had even voted for the immoral dabs of whitewash in the form of a resolution passed at the last session of legislature, which was a lie from beginning to end.

The preacher thought there was too much cheap patriotism in this country and instanced a case of a man who, at a patriotic auction here on Saturday, bid twenty-five cents for a set of harness valued at \$22. Chief of Police McCollom returned on Saturday after attending the chief constable convention in Toronto. He and Chief Ridout, of Montreal, and Hugh, of Campbellton have formed a committee to interview provincial government and ask for financial assistance in establishing a police register. A Fredericton man who drove through the parish of Kingsclear yesterday, found a farmer with a team of horses stationed near a mud-hole in the road. Asked what he was doing there, he replied: "I have hauled two autos through this mud-hole today and am waiting for some more to come along."

G. Fred Baird, of this city, was taken ill at his home in Andover last week and removed to Woodstock hospital, where he underwent an operation for appendicitis. His condition is reported very serious. Reports on general conditions were fairly optimistic. The delegates did not look for any marked improvement during the current year as compared with 1914, but noted that they found cash was playing a more important part in business transactions than ever before. Mr. Rising delivered an address at the banquet in the Fort Garry Hotel and is quoted in the Winnipeg papers as carrying concealed weapons, a reference on a sounder basis from a trade standpoint than any other part of the declaration. Among the former St. John men who Mr. Rising met in Winnipeg were Frank Parke, a member of the St. John association and Ralph Wheeler, who was his guest at the banquet.

ST. JOHN MAN HOME TELLS OF CREDIT MEN'S MEETING IN WINNEPEG

Important Business Matters Taken up—Harold W. Rising Speaks of Them

Plans for securing uniform laws in all the provinces on credit matters and for reducing the general length of credit terms were among the matters discussed at the third annual meeting of the Canadian Credit Men's Trust Association, Limited, from which H. W. Rising has just returned. The meeting was held at Winnipeg on Tuesday and Wednesday last week and the maritime provinces were represented by Mr. Rising and E. H. Sonerville, the maritime secretary. All the other provinces were represented by two members, each. The sessions were held at the Royal Alexandra Hotel and, in addition to the business sessions, there was found to be some very interesting side trips and entertainments. After luncheon in the grill room on Tuesday the delegates heard a speech by J. Bruce Walker, commissioner of immigration on "Helping the Farmer."

The speaker then visited the agricultural and domestic training college which is now on a per with a similar institution in the dominion and after this enjoyed dinner at the Country Club. The entertainment features on Tuesday included luncheon at Deer Lodge, several miles out of the city, an automobile drive to points of interest and a banquet in the rose room of the Fort Garry Hotel. The discussions proved of great value to the credit men and the exchange of ideas and information will be a valuable asset to them. Credit terms came in for much discussion and it was decided to start a movement for the general shortening of time allowed on accounts, which would work all the way from the producer to the consumer and have the tendency to bring business nearer to the cash basis. The difficulties arising from the wide difference between the laws relating to credit matters in the various provinces was dealt with and it was decided to commence a campaign to secure more uniform legislation.

Reports on general conditions were fairly optimistic. The delegates did not look for any marked improvement during the current year as compared with 1914, but noted that they found cash was playing a more important part in business transactions than ever before. Mr. Rising delivered an address at the banquet in the Fort Garry Hotel and is quoted in the Winnipeg papers as carrying concealed weapons, a reference on a sounder basis from a trade standpoint than any other part of the declaration. Among the former St. John men who Mr. Rising met in Winnipeg were Frank Parke, a member of the St. John association and Ralph Wheeler, who was his guest at the banquet.

A welcome sound was heard through the street of St. John at noon today, when the members of the Artillery, mounted on Partridge Island, marched through the city on a route march to the vicinity of Rockwood Park. They had a huge band which played the familiar strains which have become so well known to all residents since they were first heard in the militia here last fall. It was the first time in a fortnight that the bugles had been heard, and they were greeted with a great display of enthusiasm. Under command of Acting Captain Roy King, the garrison paraded in front of the city hall, where they were returning about 5 o'clock to their quarters on Partridge Island. It is Lieut. Col. Armstrong's idea to have more of these marches to brighten the routine of drill. Says Prominent Members of Government Advised Restitution of the \$6,300

Ottawa, Ont., June 28.—That Powell, the clerk on twelve occasions drew money which had come from the government, that he drew it at the request of Garland, the Conservative M. P., that while he did not pay it into Garland's hand, he left it where Garland would get it, was stated this morning to Sir Charles Davidson, royal commissioner appointed to investigate war purchases. It was stated that he (Garland) knew that the money had come from the government; that he (Garland) had received the money, but had not "received it from Powell directly."

"Why did you do so?" Examiner Thomson asked. "I had been advised by some of the leading members of the government to 'keep the money back if I could,'" replied Garland.

Mr. Garland was not asked the names of the members of the government who had advised restitution. The statement was heard with great interest and is regarded as very significant.
