PART TIME OF DAYLIGHT SAVING

Expression of Labor View in
Fredericton

School Holiday Period—McDonald and Woman Sent Up for Trial in C. P. R. Liquor Case—Weddings.

Fredericton, N. B., Feb. 25.—The Fredericton labor council last night considered the matter of daylight saving. The council, which has been active in Fredericton since the strike, had been appointed to consider the matter and report. He said there was a general feeling in favor of having daylight saving during July and August when the public schools were open, but the labor council appeared to be opposed to a longer period. Edmund W. McDonald of Vancouver, B. C., and Mrs. Augusta Clarkson of Adam, N. B., both charged with being in possession of 248 bottles of beer, were sent up for trial this morning by Police Magistrate Limerick. Their cases will be heard before the York county court, to be held on March 23. Meanwhile Judge Limerick has refused to grant bail for McDonald because he is an American citizen, while he has expressed a willingness to accept \$2,000 bail for Mrs. Clarkson. The charges of violation of the prohibition act, which had also been laid against McDonald, were withdrawn.

One of the relics dear to the hearts of the students of Hanover College in Indiana is Prof. Young's buggy. Every day of the forty years that the professor has taught in the college he has driven up in the same old buggy. The horses have changed with the passing years, but the old buggy still rolls along.

GIRLS OUT LATE AT NIGHT; IN THE COURT TODAY

Wandering about and not being able to give a satisfactory account of themselves in Mill street about half past one o'clock this morning, was the charge read out to Laura Walsh, aged nineteen, and Etta Anna May DeLong, aged seventeen, in the police court today. They explained that they had come from "Tipperary Hall".

The magistrate conveyed the impression that he was not in favor of social gatherings at that hall. Detective Saunders told of seeing the accused in the Asia Cafe stalls and five or six men visited these stalls while the detective was watching. When they came out in the street he said he arrested them and brought them to central station. They were remanded.

John J. Porter, a fireman on the C. P. R., O. S. Melita, charged with assaulting Third Engineer Ernest F. Robinson during the last voyage of the steamer, was remanded to await a decision in the case.

A juvenile, aged nine, given in charge by Harry Ervine for lying and lurking in the Standard building was held until his father could be sent for. According to Mr. Ervine the lad had been given in charge before for a like offence.

One man charged with drunkenness pleaded guilty and was remanded.

Irwin, Presbyterian minister, who was arrested in January, was today convicted by court martial of having a revolver and ammunition in his possession, and was sentenced to one year in prison.
