Not to Commander Wheat.

Winnipeg, Nov. 11.—An interview today Sir George Foster indicated that the rumor that wheat was to be commandeered, which has disturbed some of the grain interests, was absolutely groundless. Sir George expressed himself as perfectly satisfied with the work of the wheat board in marketing Canadian wheat and spoke optimistically of the results that would accrue to the farmer as a result of the pooling arrangement which had been decided upon. He reiterated that the policy of the government was not a permanent one.

AGRICULTURAL REPORT FOR WEEK IN PROVINCE

The weekly report on agricultural conditions in New Brunswick, as reported by district representatives of the department of agriculture, under date of Nov. 11, is as follows:

There are still some turnips to harvest in various parts of the province, although the greater portion of the crop is harvested. The crop on the whole is reported to be somewhat below the average. Potatoes are moving on the market quite freely. The market has

quite a firm tone, prices ranging from \$3 to \$3.25 a barrel.

Cattle are reported as going into winter quarters in fair condition. The demand for milk cows is good. Prices range from \$60 to \$100 for grade cows. Milk production has fallen off very rapidly, as is always the case at this time of year when changing from pasture to barn feeding. Butter prices are firm, creamery butter retailing for 67c a pound in Montreal.

Twelve carloads of lambs have been shipped co-operatively to the Montreal market by farmers in the eastern part of the province. Six cars from the Port Elgin district netted farmers 10 1/2c a pound, live weight for lambs.

Roy Morrison, charged with stealing from the cargo of the Governor Dinagley, was also acquitted. He was represented by J. MacMillan Trueman.

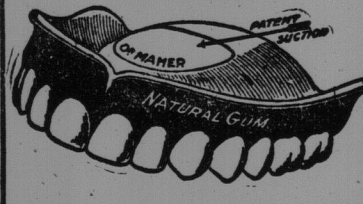

F. McMurray, who pleaded guilty of breaking, entering and stealing, was allowed to go on suspended sentence, while James Crawford, on the same charge, will be sentenced later.
