WANT VACANT LAND TAXED

Suggestions Made to Ontario
Government by a Deputa-
tion

Best System is Sought—Sir
William Hearst Says Rem-
edy Will be Applied to Un-
just Taxation

(Toronto Globe.)
A special provincial tax on unimproved land and municipal taxation of land at a higher rate than buildings were advocated by a deputation from the Single Tax Association, the Tax Reform League and the United Farmers of Ontario, which waited on Sir William Hearst and other members of the provincial cabinet yesterday afternoon. Mrs. Hector Prenter headed the deputation. She said the present system of taxation in many ways was prejudicial to the interests of the home, and that it was not in the best interests of the nation that such a system should be allowed to continue. If they added a veranda to their homes or a coat of paint they were penalized for doing it. Women everywhere were realizing that this was an injustice. The problem of dealing with the returned soldier would be much simpler if Ontario had tax reform.

Idle Land in Toronto.
A. B. Farmer, B. A., who was a Liberal candidate in West Toronto at the provincial elections, said there were 2,700 acres of idle land in Toronto, according to the assessment commissioner, and the deputation wanted to make two suggestions, namely (1) A special provincial tax on unimproved land, whether in cities or towns, or outside, and (2) Each municipality should have the privilege of taxing land municipally at a higher rate than buildings.

L. H. Blatchford, representing the United Farmers of Ontario, with a membership of 18,000, endorsed "the principle of what has been said here this afternoon."
A. C. Thompson also spoke briefly, backing up Mr. Farmer.

West Reports Failure.
Sir Wm. Hearst, in reply, said the government had only one ideal before it, and that was to find the very best system that was possible. The question of taxation in all its bearings was one of the first matters that he took up when he became prime minister. "We have had men studying the question, particularly in the west, and reporting to us," he said. Former advocates of the sys-

tem in the west now said it was a failure. It might be all right for boom days, but would not produce the necessary revenues in days of depression, and days such as they were passing through now. They must try and get legislation that would as nearly as possible meet all conditions, whether in boom days or days of depression. The suggestion of a provincial tax on unimproved land was somewhat newer than the other one, and was entitled to consideration. But it was not the lack of land that had been the trouble in connection with the food shortage. The government was making a study of all the questions raised and the remedy would be applied. It might be that taxation laws would be more or less shifting, owing to taxes being imposed by the dominion government, and for other reasons.

GERMANY THREATENS ON SEA AND LAND

Madrid, Jan. 27.—After pillaging the Spanish steamer Giralda yesterday, a German submarine sank the vessel, which was of 4,400 tons. The crew was saved.

U. S. Has Warning.
Washington, Jan. 27.—Warning that the Germans are preparing for a great submarine offensive against the American lines of communication with France, in connection with the impending Teutonic drive against the west front is given by Secretary Baker in his weekly military review, made public tonight by the war department.

Recently there has been a marked decrease in the number of allied merchant ships sunk by submarines. The explanation for this is found in the withdrawal of submarines in preparation for the coming thrust on land and sea. The review says:
"As the time draws near, when once again the enemy will endeavor to strike a decisive blow in the west, it must be emphasized that he will not be content with mere military operations on a large scale."
The past fortnight enemy submarines have been recalled to their ports to be refitted, and the most powerful submarine offensive hitherto undertaken may be expected to be launched against our lines of communication with France, to interrupt the steady flow of men and munitions for our own armies and food supplies for the Allies."

Andania Torpedoed.
Belfast, Jan. 27.—The Cunard line steamship Andania was torpedoed, but not sunk, off the Ulster coast this morning, says the Irish Daily Telegraph. The newspaper adds it is believed that no deaths resulted from the explosion.
The Andania is a vessel of 18,400 tons. She was built at Greenock, Scotland, in 1916, and since then has made many trips between British and American ports.

NEWS OF THE SOLDIERS

Fifteen physical training instructors attached to the local Depot battalion gave splendid exhibition of their accomplishments in this line on the gymnasium floor of the Y. M. C. A. Saturday night. The men "carried on" in excellent style and it was indeed spectacular to see them working. Physical training is now becoming an outstanding necessity in the Canadian army and greater importance has of late been attached to this valued line of training.

The men were again out on church parade yesterday and despite the difficult footing, they marched along in true military style and with demeanor that bespoke the training by men schooled in military activities. There were about 700 in line, the Catholic members of the battalion went to the Cathedral and attended the 11:15 o'clock mass, while the Protestants marched to St. Andrew's church. The battalion, despite street conditions, made a fine showing, and the marked improvement weekly in the men is most remarkable.

N. B. Men Repatriated.
The names of five New Brunswick men appear in the midnight casualty list: Wounded, M. Barnes, St. John; C. Morrell, Northfield; prisoner repatriated, A. M. Hamilton, Shannonville; M. J. Steves, Hillsdale; L. Levinneau, Bathurst.
