

THE LIFE OF A MARTYR

Was in Agony For Years and Nothing Gave Him Relief Until He Used "Fruit-a-tives" The Famous Medicine Made From Fruit

ALFRED FERRISS, ESQ.

"I want to inform you of what your remedy 'Fruit-a-tives' did for me. For years, I was a martyr to Dyspepsia and Constipation, often having to leave work from the agonizing pains of acute Indigestion. Doctors treated me continually, but without satisfactory results. It seemed to me that I tried every advertised medicine on the market, and got no relief. 'On one of the days that I was compelled to absent myself from work, a neighbor came to my house to whom I told of my suffering, and he said to me that all I had to do, if I had Dyspepsia, was to take 'Fruit-a-tives.' They would cure me. He had cured himself. I immediately procured a 50c box and continued taking them until cured. I suppose I took in all, about eleven boxes and I am glad to be able to say that I have been free of Indigestion for nearly two years. They cured the Constipation also. They were worth their weight in gold to me and I will be glad to have you publish this letter, along with my photo, if it will induce another dyspeptic to take the right road to a permanent cure."

Don't suffer any longer. Today—right now—get 'Fruit-a-tives' and cure yourself. 'Fruit-a-tives' will sweeten the stomach—strengthen the stomach muscles, increase the quantity of digestive juices, regulate Kidneys and Bowels, and make the digestion as sound as a bell. 'Fruit-a-tives' will positively cure every case of Dyspepsia, Indigestion, Sour Stomach, Belching Gas, Bloating, Flatulence, and all other disorders of the Stomach, Liver and Bowels. 50c box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price in 'Fruit-a-tives' Limited, Ottawa.

RECENT DEATHS

The death of Thomas Patton, which occurred yesterday at his home, 25 Peel street, removed an aged and respected resident who enjoyed the esteem of many friends. He was 78 years old, and a native of Ireland, and for many years was warden of Trinity church, having been formerly a vestryman. For years he was senior teacher in the Sunday school. One daughter by his first marriage, Miss Henrietta, and four by his second marriage—Misses Mary A. George, L. Mrs. Percy A. Clark, and Mrs. Thomas Simpson survive. The funeral will be held on Monday afternoon from Trinity church.

Dr. Frederick N. Wellings, physician to the Indians at the Tobique reservation, Indian point, was stricken with heart trouble while attending one of his patients and died yesterday morning. Dr. Wellings, who was fifty-five years old, has been practising in the vicinity of Andover for twenty-five years. He leaves a wife and daughter.

The death of Thomas Patton occurred yesterday at his residence, 25 Peel street. He was 78 years of age and was born in Stranorrah, Donegal county, Ireland, coming to this city when but 15 years of age with his uncle, Charles Patton. He was twice married. He is survived by his wife, one daughter by his first marriage, Miss Henrietta, who resides at home, and four daughters by his second marriage. They are Miss Mary A. George, L. Mrs. Percy A. Clark, and Mrs. Thomas Simpson, all of this city. He is also survived by one step-daughter, Mrs. James S. Ford. Mr. Patton always enjoyed the esteem of a large circle of friends who will regret to hear of his death. He was for a long time identified with the work of Trinity church, having been a vestryman

NICKEL TODAY AND MONDAY If you have not already heard the Hughes Brothers at the Nickel do not let today slip away without enjoying it. They are the best musical act heard in St. John for many a day—actually town talk. The pictures for the afternoon are 'The Big Game'—a Lubin military play and a Kalem melodrama. Miss Harney and the orchestra.

On Monday the Nickel is bringing still another swell act for midsummer theatre-goers. This is DeMaize & Boyce, a lady and gentleman, who are considered the leaders in the art of extracting most exquisite melodies from glass instruments, such as tumblers, bowls, etc. Their performance is not only an extreme novelty—being entirely glass—but is a musical treat. The big feature in the picture line for Monday is Pathé's remarkable two-reel story 'The Governor's Double' based upon incident in the life of Governor Garland. No film drama of recent issue holds the attention of the watcher so closely as does this one.

NOT PRACTICABLE TO NATURALIZE THE JAPS, SAYS T. ROOSEVELT

Tokio, Japan, July 12—The Tai-Hei-ko news agency says that Viscount Kentaro Kaneko has received a letter from Theodore Roosevelt expressing the view that American public opinion will not permit the naturalization of Japanese in the United States, as it would lead to a similar claim on the part of the Chinese.

Mr. Roosevelt, according to the news agency, promised to use his efforts in the solution of the California alien land ownership situation. Viscount Kaneko is a graduate of Harvard University, and was the official representative of Japan in the United States during the Russo-Japanese war.

TO TEACH SEX HYGIENE Chicago, July 12—Sex hygiene or "personal purity," as it will be called, will be taught in Chicago high schools beginning in September. The board of education, after a long fight has sanctioned the innovation. The evils existing in the city of widespread venereal disease, the destructive influences described by many reform organizations have had strong effect on the board.

Superintendent Ellis Flagg Young has assumed a neutral position. She did not oppose or ardently support the issue. If it is deemed advisable, as a result of the successful teaching of this subject in the high schools the work will be extended to the upper grades of the elementary schools.

COLONEL MULHALL (Continued from page 1).

suave, always in good humor and ever ready to make a good story with a better, he was a welcome figure to the group of idlers in the hotel lobbies and along "the Avenue" stopping places of the great and near great. His gray hair and mustache would lead one to estimate his age to be about fifty. He came originally from Baltimore and married a home there, but the type of man who seemed to have been everywhere and seen most everything so that even in Washington, where everybody comes from somewhere, the origin of Colonel Mulhall attracted little or no curiosity.

No one could be more courteous or obliging and no one seemed to have a better estimate of the capabilities of the various members of congress—knowledge he was ever willing to place at the disposal of newspaper men. But Colonel Mulhall never intruded himself anywhere. He never volunteered information, unless he was taking part in a general conversation and then only in a casual way. But he seemed always to know exactly what was going on and to be able to comment on it intelligently. He had some close friends among the newspaper men and politicians, but it is doubtful if any of these ever heard of his connection with the National Association of Manufacturers, or if they did, ever paid particular attention to it.

SENATOR AIDS CUPID

Washington, July 12—Colleagues of Senator Reed of Missouri are joking him over the record he has established as an aid to Cupid. It just became known that the senator figured in that capacity in an 11th hour romance.

Senator Reed was in his office late in the afternoon when he received a telephone message from Miss Candace B. Kern of Kansas City, a long-time friend of his, and Mrs. Reed, who announced that she desired to be married.

Senator Reed, himself a retired Chicago capitalist. They desired to have the ceremony performed at once so that they might start on their honeymoon immediately, but they discovered that the marriage license bureau was closed.

SWIMS FOR LIFE FROM MAN-EATING SHARK

Mexican Prisoner-of-War Escapes From Dungeon Cell and Races Through Waters Ahead of "Sure-Death" Sharks

The Man-Eater Swung Across Just Over His Head (Times' Special Correspondence)

Vera Cruz, Mexico, July 7—Of all the hairbreadth escapes of these turbulent years in Mexico, none perhaps is so remarkable as the experience of Manuel Rojas Gonzalez.

Safe at home again in Vera Cruz, with his wife and children, he tells the strange story of his dash to freedom from the castle of San Juan de Ulu—the only prisoner who has escaped alive from that grim fortress in 400 years.

No other jail in the world has such wardens. The ancient fortress stands on the Gallega reef, off Vera Cruz, with a 300-yard channel between the tide is out. Patrolling this channel and the outer waters ceaselessly, day and night, are scores of man-eating sharks. Hundreds of prisoners have tried to swim to the mainland, but always the "tigers of the sea" found their prey.

He was placed in one of the "income-unleaded" cells, far down in the third tier, dug out of the coral reef on which the castle stands, with the stone roaring beyond and above. His cell was six feet long and four wide, his head struck the stone ceiling when he stood erect. A steel door fitted into the rock. There was no light and scarcely any air. The walls were covered with moss and slime. A strong man lives seven years in such a cell. Gonzalez decided that quick death from ripping sharks' teeth was better.

Late one afternoon he was summoned for examination by the prison inspector as a preliminary to his final sentence. He had no doubt what that sentence would be.

On the way back to his cell at dusk, accompanied by only one guard, he wrested the guard's pistol from him, felled him with the butt of it, and climbed an inner bastion to the top of the wall, slid down the outer side to an old gun port, took off his shoes and cut and dived thirty feet to the sea.

Gonzales is an excellent swimmer. He dived deep and swam far before he came up. Then he looked back at the prison. The walls were lined with guards, but they had not seen him yet.
