Feet So Sore Could't Walk Down Stairs—

TIZ Cured Her Quick

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, callouses or bunions, read what happened to Mrs. Crockett, of Jeffersonville. TIZ DID IT. Mr. Crockett says:—After the second treatment she walked downstairs one foot at a time. She had not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes.

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is made only by Walter Luther Dodge & Co., Windsor, Ont., and is for sale at all druggists, 25 cents per box.

AT CAMP SUSSEX

Sussex, N. B., July 13—Today at Camp Sussex was observed at field day, and visitors as well as the soldiers were treated to some interesting sporting events, in which members of the 8th Hussars and 28th Dragoons took part. The fact that mounted contests were held added interest to the events, and enthusiasm at all times ran high.

The first event was of a novel nature, the contestants having to walk a quarter of a mile, light a cigarette, mount and ride back to the starting point. It was won by Lieut. Calhoun, of the 8th Hussars.

A horse race, between the Dragoons and 8th Hussars, resulted as follows: 1st heat, Dragoons, 2nd heat, 8th Hussars; final, horse ridden by Pte. Burnete, of the 8th Hussars, winner; horse ridden by Pte. Scovil, of the Dragoons, 2nd.

A tug-of-war between members of the 8th Hussars and 28th Dragoons, mounted, resulted in a tie. The teams pulled for seven minutes steady but neither could gain an advantage.

The hurdle race open to officers and all mounted men, was won by Pte. Burnette.

The Ohio supreme court has decided that a battered, bent, cracked and crooked nickel is legal tender whether or not the U. S. Treasury would redeem it. Because the conductor of a street car refused to take such a nickel the company must pay $287.59. The battered coin was tendered by Carl Rossangle, a ten-year-old boy, who was riding at night from Hamilton to his home in Middletown. He did not have any other nickel, and was put off the car at a lonely spot, where he was found next morning in an hysterical condition.

AMUSEMENTS IN ST. JOHN; WHAT THE PLAYHOUSES OFFER

THE GEM.

The silver spoon matinees on Wednesday and Saturday at the Gem Theatre, Waterloo, are proving a source of attraction and interest to the youngsters, who take keen delight in bringing home to their mothers these dainty teaspoons, given to them as souvenirs. Another of these big matinees is to be given tomorrow, when the week-end bill will be given. The leading film feature is a touching story of motherly affection for a worthless son, who in this film "Her Son," shown by the Kalem Co., has gone west and made a failure through his wicked habits. "The Baby of the Boarding House" is an extremely funny Edison comedy, which contains many perplexing situations owing to there being a "noisy kid" in a boarding house with a young man who is commonly styled a "four-flusher" by the other boarders. There is also a lively western love drama "The Owner of L. L. Ranch," which is spirited and exciting, while Bob Delay will sing "Kelly" with illustrations, and the orchestra will play some new pieces.

HIS INVENTION
(Cosmopolitan Magazine).

Dr. Arthur William White, of Yale, delights in telling of his experience with an inventor of the unlettered-genius type who came to the professor with a model of a perpetual-motion machine.

"Gravity," said the visitor scornfully, "I'll wit' gravity; we'll use plenty o' grease."

Calais Protests.

Fredericton defeated Calais 3 to 2 in Fredericton yesterday afternoon. The game was close and exciting, and one of the biggest crowds of the season turned out to see it. Mitchell pitched for Calais and Big Bill Duval for the Capitals. Several arguments marred the progress of the game, in one case a free for all fight being narrowly averted. Manager Mutchie of the Calais team has protested the game on account of decisions made by the umpire, which he does not think were right. The score:—

Hints to Ball Players

If at first you don't succeed you'll never get the second.

Hitting the high-ball will not improve your batting average.

When the catcher falls in love Cupid has no difficulty in stealing a base on him.

In signing a contract the pen is mightier than the pennant.

The umpire does not have to be a whip in order to drive a coach off the field.

Keep cool. Don't allow your temperature to get higher than your batting average.

It's all right to strike out, but only when you are in swimming.

Cobb and Jackson.

It begins to look as though the south will fight it out for batting honors in the American league this year; for unless there is an unexpected slump on the part of one of the two or a remarkable advance on the part of some third person not now considered, Ty Cobb of Georgia and Joe Jackson of South Carolina, will battle to the death. Cobb has a big advantage at present and shows no signs of falling off, but Jackson has been coming with such strides of late that he must be rated a dangerous contender.

Lajoie, Cobb's old rival, is not far away from the pair. But nowadays little attention is paid to claims advanced on the part of any batsman who is not in 100 games. He has to play in that many to do his club any good, and also to furnish a fair test of his ability. It is doubtful that the great right-hand hitter of the Naps will play in half of his club's games this year. Cobb and Jackson, on the other hand, can miss half of the games from now on, and still pass the century mark in appearances.

There are still more than forty men hitting .300 or better. Of the lot, McInnes is nearest to the pair considered. He started to slump a bit but the series at New York brought him back. His team-mate, Baker, has been doing some great slugging, and is now hitting .353, which would be a phenomenal average any other year. It is not very big this season.

Washington has three men in the list, with Dixie Walker topping the lot at .367. Schaefer is first of the regulars, with .337, his good work at Boston having kept him up. Milan, .315, is the other National in the list. The Washington speed merchant, however, has fallen off in some other lines of effort and is no longer numbered among the boss base stealers, although only seven men top him in the matter of run scoring. He is the only man whom the Nationals have in the first ten in any of the lines of individual effort.

Cobb continues to lead as run getter, base stealer and slugger, and has such a lead in every line that only a remarkable slump can displace him, in any.

Deal Proposed

Chicago, July 13—The proposed deal between the Chicago Americans and the Boston Americans which was first reported when the Chicago Americans were making their initial trip through the east, is up again for disposal. It was said that John Taylor, owner of the Bostons, would reach here before the close of the present series and attempt to trade some of his men for two or more individuals who are wearing Chicago uniforms. Taylor wants Pitcher Scott and Catcher Payne, for whom, with another player thrown in, he is willing to give Catcher Carrigan and Pitcher Cycotte and possibly Infielder Wagner. Taylor is coming west at the request of President Comiskey, of the Chicago Americans who is said to have wired the eastern magnate requesting a resumption of negotiations which were broken off when Taylor demanded Walsh, McIntyre, Lord and a few others in the trade.

Teams is Fined

Boston, July 13—The refusal of Manager John H. O'Brien of the Fall River baseball team of the New England league to obey the orders of Umpire J. H. Evans during the game with Brockton on July 5, last, not only cost the Fall River team the game, but also $100. President T. H. Murnane of the New England league who has investigated the circumstances attending the dispute between O'Brien and Evans, has made his finding in the case public.

According to President Murnane, the Fall River manager left the bench during the fourth inning to dispute a decision of the umpire and refused to go back to the bench when ordered to do so by the umpire. The manager is alleged to have used improper language towards the umpire and, President Murnane says O'Brien attempted to assault him. After being ordered from the field, O'Brien refused to move and the umpire declared the game forfeited to Brockton.

In his decision Murnane said the umpire was sole judge and that the manager had no right to appear on the field in citizen's clothes, and that the action of the Fall River manager left the bench during game, and the spectators were deprived of the witnessing of the game.

The umpire forfeiture of the game is upheld, and the Fall River club is ordered to forfeit $100.

Few Amateur Players Succeed at Start.

It is mighty seldom, says an exchange, that a man can step out of the amateur ranks and play big league baseball. It is doubtful if there is one instance out of every thousand of the cases in which it is tried where a player has succeeded in turning the trick. The pace is too hot for them, and they soon feel like quitting, and after developing that sort of a spirit it is not long before they do quit.

A player who is doing great work for an amateur team may seem to be a better man than is some fellow who is playing on a league club, but the fact of the case is that while the amateur may be making a better showing in the class in which he is playing than is the paid player, he would utterly fail to come up to requirements if placed in the position of that player.

There may not seem to be much difference between a league game of ball and one on the sand lots, even when both are well played, but there is, just the same, and the man who was playing in the amateur contest finds out so when he attempts to pull off the same tricks in the professional circuits.

Lack of experience in regard to the handling of certain plays and the lack of ability to meet acute situations which arise at critical times, besides the fact that he is up against pitchers who will out-guess him nine times out of ten when he is at the bat, are the main reasons for the failure of amateur players to make good even in the minors.

The Turf

Geers Drives to Victory

Anvil, a bay horse, driven by the veteran. E. F. ("Pop") Geers, defeated A. McDonald's bay mare Nanah, in three close heats and won the 2.20 trotting stake for $2,500, the feature of the opening card of the Grand Circuit racing season in Indianapolis this week.

Betting was brisk on the favorites. In one case the favorite did not win. The Limit, in the 2.07 pace, was backed heavily to win, but the best he could do was fourth. Ginger, driven by Brown, won the race, after losing one heat to Ruth D.

With the exception of the 2.07 pace, all the races were won in straight heats. Fanny Stanton, driven by Dodge, won the first race, the 2.18 pace, but in all three heats she was pushed hard by Longworth B. and Nellie G., which took second and third, respectively. In the feature race Nanah was neck and neck with Geer's horse in all three heats, but the veteran driver managed to push his horse ahead in the stretch.

R. T. C. took the fourth race in two straight heats, but in the first heat was pushed hard by Sue D., and in the second he had to fight it out in the stretch with Alva Dillon.
