A SOUTHERN SUNDAY.

Bloody Miners' Riot Yesterday—
Counterfeiter Kills Two
Officers—A Murder.

MADISONVILLE, Ky., Nov. 17.—Mining troubles in this district brought more bloodshed this morning. James H. Smith, a negro striker, is dead; George Couch, another striker, is fatally wounded, while John West, Hut Sawson and Nathan Bush, all guards, are wounded, but none of them dangerously. The trouble occurred at the mine of the Providence Coal Co., seven miles from here, where an attack began at an early hour. The attacking party, some 75 or 80 strong, first fired on the engine-house, and in a few minutes the company's stables were surrounded; several animals were killed or disabled. By this time the guards were becoming active and the attackers formed in a semi-circle over the brow of the hill. From this position they poured a directed fire upon the house occupied by non-union employees and their families.

Men aroused by the crash of bullets, rushed to small timber piles arranged for use in such an emergency, and from behind them returned the fire. The attacking party kept up a steady fire on the upper engine room, stable and other buildings of the company, while the guards were doing effective work. The battle raged for almost an hour and a half, when the assailants withdrew, leaving Smith dead and Couch shot through, on the field. How many wounded they took with them is not known, but the leader was seen to fall, and it is believed some of the party who went to the rescue were hit. County Judge Hall, at Providence, started an investigation. An inquest was held, the coroner's verdict being that the negro came to his death at the hands of the guards while defending life and property and they were therefore justifiable.

The news of the shooting spread like wildfire. It was not long before the news reached Adjutant Gen. Murray, who at once ordered an investigation, opening communication with the governor.

MADISONVILLE, Ind., Nov. 18.—Two companies of state troops have been ordered out. The Madisonville company of the Kentucky state guard reached here last night. Adjutant General Murray issued a statement last night in which he declares he is determined that lawlessness shall be suppressed. A detail of twenty men, he stated, had been sent to the mine. The train last night having troops aboard passed the Nortonville camp, located in the woods near the railroad, camp fires could be observed and the scene was one of bustle. Several shots were fired, but not at the train. The Madisonville camp strikers are said to be searching for a coal tipple near Madisonville was thrown on the camp. About 150 men were there, having taken their arms and walking about between their tents.

SAVANNAH, Ga., Nov. 17.—The body of S. T. Baker, white, a Confederate veteran from Beaufort, S. C., was found yesterday morning. The man had been shot, probably about midnight. Mr. Baker was a collector for a leading grocery house and yesterday collected \$300. This, however, he had returned to his employers. It is the theory of the police that some one of his collections and hoped to find the money on his person. The body was robbed of a watch, chain and other valuables and the pockets were turned upside down.

OXFORD, Miss., Nov. 17.—John R. Montgomery, deputy United States marshal pro tem, a respected citizen of Oxford, and Deputy U. S. Marshal Hugh Montgomery, of Pontotoc, left here yesterday for the purpose of arresting Will Mathis, an alleged counterfeiter and moonshiner. Early this morning Mathis' house was found to have been burned to the ground. Upon further investigation, two partially burned bodies were found in the ashes. The bodies have been identified as those of the deputy marshals. John A. Montgomery's horse has not been found and it is supposed that Mathis made his escape on him after the men had been killed and the house set on fire. Mathis was indicted last summer for making and passing counterfeit money and was out on \$2,000 bail. The principal witness against him was a negro living in the same neighborhood, and a month ago the negro was assassinated.

WASHINGTON, Nov. 18.—A despatch received here announces that the post office at Freemansburg, W. Va., was robbed and burned to the ground early Sunday morning. No loss is stated.

NEW YORK'S HORSE SHOW.

NEW YORK, Nov. 18.—The New York horse show—the great American horse fair—began today at Madison Square garden. The formal entries outnumbered by hundreds those of any previous year and represent the noblest type to which the thoroughbred has been developed, and the greatest advance in vehicle building with the latest devices of fashion, as to livery, harness and handling. Perfect weather favored the opening morning, and with a heavy advance sale the management hopes to exceed the successes of past years. The early attendance was excellent, and it increased as the day advanced, and tonight there will be a bumper crowd in the huge auditorium.

FATAL GAS EXPLOSION.

WASHINGTON, Nov. 18.—A natural gas explosion occurred along the main pipe line of the Wheeling Gas company at Buffalo Village, eight miles west of here, last evening, which resulted in injuries to six men, two of whom will probably die. The explosion was caused by the gas igniting from a torch in the hands of one of a gang of repair men.

BRITAIN AND UNITED STATES.

Comments of London Press on Isthmian Canal Treaty.

LONDON, Nov. 18.—The Westminster Gazette this afternoon publishes an article containing the views from a British viewpoint it is desirable that the United States should build exclusively and guarantee the neutrality of the Isthmian canal, and that if Lord Lansdowne shall obtain full commercial privileges in the canal for Great Britain, the treaty will not be wholly one sided. The article concludes with advising the public to expect "to be prepared to accept a settlement which will be for the sake of peace and good will, but which will not appear to be a triumph of diplomacy. By the blundering of American statesmen we were put in an embarrassing position last year, and we will show some magnanimity, if for the sake of peace and good will, we will approach the new settlement without a recollection of that event. Let us remember that we have had some success in recent dealings with America. The Behring sea award and the Venezuela treaty, both of which substantially in our favor, and if we get open water in the canal we shall be the gainers by the loss of the Clayton-Bulwer treaty."

The Pall Mall Gazette takes a similar view of the matter, and says: "We are surrendering a right we would never seriously think of exercising, but which might be infringed at any moment to the serious detriment of British dignity. On the other hand, it is understood, that compensation will be found in the absence of heavy toll or tariff restrictions. The canal is expected to be thrown open to the world, and the opening of that door will be the price the British government obtained for the abandonment of the Clayton-Bulwer treaty."

The St. James Gazette says: "We have confidence that the American people will recognize in the abandonment of the Clayton-Bulwer treaty a further sign of the value we set on their good will, and the earnestness of our desire to help forward their aspirations after greater hearty relations between mother and daughter are more to us than academic treaty rights."

OTTAWA.

Laurier's Government Must be Asked for What Other Colonies Offer Freely.

TORONTO, Nov. 18.—The Globe's Ottawa despatch says the imperial authorities have communicated with the Canadian government in regard to the recruiting of a mounted force in the dominion for service in South Africa and from what can be learned it would seem the former are not inclined to accept the services of Canadians who may be disposed to volunteer for work at the front.

The Globe's Ottawa despatch says: "Should the dominion by-election take place immediately, the voters' lists to be used in many municipalities will be those of 1900, for the law provides that lists must be certified to 60 days before nomination day. If the lists of 1901 are to be used, elections cannot take place before February 15th, 1902."

THEATRICAL NEWS.

LONDON, Nov. 18.—Mr. and Mrs. Nat. C. Goodwin, who have been playing at the Comedy theatre in "When We Are Twenty-One," will close their London engagement in a fortnight and will open in the United States about Jan. 1.

NEW YORK, Nov. 18.—A despatch to the New York Herald from Berlin says: "Miss Lolo Fuller has arrived here with her troupe of Japanese. On her way she gave a performance at Cologne and after that had her valuable scenery, worth \$12,500, sent on here. Judge her mortification when on its arrival 'La Lolo' found that it had been packed in open wagons without anything placed over it for protection. Owing to persistent rain the whole lot, including beautiful plush curtains, just purchased and new in Paris, the Japanese pictures and picture frames and delicate scenery were all soaked and entirely spoiled. Miss Fuller at once placed the matter in the hands of a lawyer and will claim full damages from the state railroad."

SHE GOES TO JAIL.

LONDON, Nov. 18.—Miss Marie Josephine Eastwick, the young Philadelphia woman who pleaded guilty to having forged a \$10,000 railroad certificate, was sentenced at the old Bailey this morning to six months' imprisonment as second-class misdemeanant.

LONDON, Nov. 18.—The Recorder in sentencing Miss Eastwick, said he had received documents from the United States embassy showing the accused was mentally weak, but he could not accept that as a plea, the question of sanity being a matter for the secretary of state to consider. Miss Eastwick, who looked frail and ill, leaned for support on the arm of a prison wardress.

TOO BIG GAME.

Twelve Persons Shot, Five Fatally, by Careless Hunters.

AUGUSTA, Me., 18.—Although the last legislature passed a law imposing a maximum penalty of ten years' imprisonment or a fine not exceeding \$1,000 for negligence or carelessness which should result in the shooting of a human being by hunters, the record of such fatalities in this state during the present season is very heavy. A peculiarity of the situation is that in several of the accidents the shots have been fired by unknown persons. The record up to the present time shows that twelve persons have been shot by accident and that five of the victims have been either killed outright or wounded so that death followed. In four instances the shots were fired by unknown persons. The persons who have lost their lives are:—Henry McPherson, Milford, Me.; W. C. Trickey, Dayton, Ohio; Louis Baker, Marshfield, Me.; Frank Leonard, Frankfort, Me.; John G. Weeks, Boston, Mass. Thus far no steps have been taken as far as can be learned towards prosecution in any case, although the game wardens frequently have called public attention to the law.

TO HELP THE BOERS.

CLEVELAND, Ohio, Nov. 18.—A meeting of delegates of societies of the German American Central board of Cleveland has just been held for the purpose of arranging plans for a mass meeting of citizens in the interest of the Boers. The German societies intend to petition congress to intervene in behalf of the Boers and to send a memorial to President Roosevelt. The memorial will ask the president to take immediate steps to stop the shipment of horses and mules from New Orleans to Cape Town to be used by the British forces in South Africa, claiming that it is contrary to stipulations of an existing treaty with Great Britain, and also calling attention to a proclamation of Queen Victoria, dated April 26, 1898, calling for the strict enforcement of the treaty during the war between the United States and Spain.

MONTREAL.

Lord's Day Observance to be Enforced—Conductor Flaherty Dead.

MONTREAL, Nov. 18.—The Protestant ministers of the city have decided to open a campaign against the proposed civic legislation to legalize the opening for business of fruit, confectionery and other such stores on Sunday. Such places are now running on Sundays by the score in this city, but it is against the law. Petitions are to be circulated for signatures against the move.

Thomas Flaherty, for over a quarter of a century a conductor, died from the effects of an operation in the general hospital here for appendicitis. Flaherty had charge of the royal train when it carried the Duke and Duchess of York over the Grand Trunk here to Lewis recently.

A MINING HORROR.

BLUEFIELD, W. Va., Nov. 17.—Up to this time no other dead bodies have been recovered from the Pocahontas mine disaster, but several may be added to the death list, which now numbers nine, as there are two or three miners unaccounted for. The mine is still burning fiercely, and for the past 24 hours very little has been accomplished in the way of searching the mine for those that are still missing. It was supposed last night that the fire would have been under control by this evening, but it was found this morning that a large amount of pipe and hose was yet needed in order to reach the fire.

TO REDUCE BREAD TAX.

NEW YORK, Nov. 18.—The Rome correspondent of the Times says: "Signor Carcano, the finance minister, has obtained the approval of the cabinet for a scheme to abolish one of the taxes on bread, flour and other farinaceous products. The scheme is more modest than those drafted by Signor Carcano two years ago, and by Signor Wollemborg last spring. The communal losses would be compensated partly by the state and partly by increase in other forms of local taxation. The total cost to the state is estimated at \$800,000 lire, (\$15,044,000)."

DIAMONDS AND GOLD STOLEN.

PORTLAND, Ore., Nov. 18.—E. F. Lowenthal, a diamond broker of New York, arrived here Saturday evening and registered at the Portland hotel. He was assigned a room on the ground floor of hotel and placed a trunk containing diamonds valued at \$10,000 and \$200 in gold in the room. Mr. Lowenthal states that he left the hotel between 9 and 10 o'clock last evening, and when he returned he found the trunk broken open and the diamonds and cash missing.

BAD BOYS RUN AWAY.

PORTLAND, Me., Nov. 17.—Portland police took in charge today two young boys found loitering about the water front. They gave their names as Frank G. Coffin and Fred Briggs, and said their homes were in Abol, Mass., and confessed to running away because they did not want to go to school, and had come to Portland to find work.

GOLD SHIPMENTS.

NEW YORK, Nov. 18.—The following gold shipments have been announced for shipment to Europe tomorrow: Lazard Freres, \$2,000,000; Heidebach, Ickelheimer & Co., \$1,500,000; Kidder, Peabody & Co., \$300,000. Total, \$4,000,000.
