**SECOND RACE WILL LIKELY BE RE-RAILED**

**The Chinook Crossed the Line Before Starting Gun Was Fired**

It is quite likely that the second race for the Carter's Point Plate which was declared to be won by Church Brothers' Chinook, will be re-railed. The race was declared awarded to the Chinook, although she and the Watson crossed the line before the starting gun was fired. The race is being re-run on Sept. 1. An error in the official record of the race gave the race to the Chinook. Since the race is being re-run, the winner has been under reconsideration. Mr. Proffman, should the race be formally awarded to the Mona, will ask that it be re-railed.

**Deafness Cannot be Cured** by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, P. O. CHENEY CO., Toledo, O. Sold by Druggists, 16.

**Moose Are Plentiful Down This Way**

(New York Herald.)  
Moose will be plentiful when the season opens this fall in the province of New Brunswick, Canada, says the Charlottetown News. The open season in New Brunswick begins on September 15. It is not uncommon for those who live near the New Brunswick forests to see any moose in the closed season. It is so common for a moose to stroll through a village or town in the summer that the local editor rarely gives it more than a paragraph. This summer the moose have been out in unusual force. Trains on the Inter-Colonial Railway, which winds its way through the moose country, have reported seeing many moose feeding near the tracks. The animals showed little fear; they seemed to know that the law protects them.  
The crew of the Maritime Express alleged fast train between Halifax and Montreal, counted twenty-one moose one morning between Bathurst and New Brunswick, which are not many miles apart. On the branch line from Chatham to Chatham Junction a large bull moose was sighted every day for more than two weeks. He was feeding only a few miles from the town close to the railway line.

**RUGBY LEAGUE SEEMS LIKELY**

**Fredericton Moves In Matter**

**One or More Would Enter the League—Algonquins Reorganize**

Now that the baseball season is nearing its end and the chill of the autumn season, the thoughts of the sporting public are turning to Rugby. It is yet too early to speak with definiteness of the make-up of local teams or of those in other sections of the province. There is, however, a movement on foot to reorganize the New Brunswick Rugby League which has been defunct for upwards of a decade.  
Last season an effort was made to put senior Rugby in New Brunswick on an organized basis, but difficulties were found to be in the way. In May, 1933, representatives of the Marathons, Algonquins, Monctons and U. N. B. met at Moncton to discuss the project of forming a league. The meeting endorsed the idea and adjourned to meet in the fall when that time arrived financial and other difficulties sprang up which prevented the organization of the league. Last year the initial steps for the formation of a league were taken by St. John people. This year Fredericton parties are interesting themselves in the formation of a provincial Rugby league, and have now cut queries as to the possibility of other New Brunswick clubs on the subject.  
The clubs which are considered possible members of a provincial league are: Fredericton University of New Brunswick, and one or more Saint John organizations. It is thought likely the Moncton will not come in on account of heavy travel. The Fredericton and the High School and Rothesay will also be in the game.  
Very little has been heard of outside teams. U. N. B. expects to have all but two or three of the team of 1933, and Fredericton, if it is made, can get a strong XV together.

**ANXIOUS TO SECURE STUBBS AND STERLING**

Oxford, N. S., is going to have a big day of athletic and other sports on Labor Day, September 3. Those managing the sports are very anxious to secure Stubbs and Sterling for the distance events, on three and five mile runs. Very fine athletes, Fred and Springhill will both run at Oxford, and competition between them and the local long distance cracks along make an interesting run.  
These two are the leading performers of events including the ordinary athletic events and men's events. Accepted by the management of the event will be under the M. P. A. A. sanction. Entry blanks can be obtained at the Oxford Club office, and will be given winners of events at Oxford.

**OUTING ASSOCIATION IS GROWING RAPIDLY**

**Will Have at Least 100 Membership by Monday Evening**

The newly organized Renforth Outing Association is meeting with a great success at this early period in its history. The new association being its existence with thirty-five charter members, and by Monday evening, when a meeting to complete organization is to be held, it is expected that the membership will be about one hundred. Monday evening's meeting will be held at the residence of I. H. Nordrup, Renforth.  
Plans for the observation of Labor Day are being made. There is to be an illustrated parade of water craft in which boats from Rothesay, Millville, Riverside and other places are to take part. A feature of the illumination is to be the burning of a ship. The vessel is to be made of combustible material and towed out to the Kennebecs, where she is to be burned as the final spectacle of the Labor Day celebration.  
The Renforth O. A. will go into all branches of sport, aquatic and athletic. Baseball teams are to be organized, tennis courts to be laid out and other activities engaged. It is not expected that the present season will see the organization in operation in all branches, but it is expected to make a good start in the spring.

and Montreal, counted twenty-one moose one morning between Bathurst and New Brunswick, which are not many miles apart. On the branch line from Chatham to Chatham Junction a large bull moose was sighted every day for more than two weeks. He was feeding only a few miles from the town close to the railway line.

**BISLEY TEAM WILL HAVE 4 EASTERN MEN**

OTTAWA, Ont., Aug. 27.—Three Nova Scotians and a Prince Edward Islander will go to Bisley next year. Two of them are among the first twenty who constitute the team, and the other two are so close that they will secure places through others dropping out as is always the case. Sgt. Major Dymond of Halifax was sixth on the Bisley list. Sgt. Steek of Truro was tenth, Major Jones, Charlottetown, was twenty-second, and Lt. Co. Flowers, Halifax, twenty-fifth. The big prize of the meet, which is the governor general's, was won by a Calgary man, Sgt. McInnes, who took the gold medal and two hundred dollars, his score being 188. The fourth man was Lt. Col. Flowers of Halifax, who won fifty dollars with a score of 183. The sixth man was Sgt. Steek, Truro, who won \$35. Sgt. Dymond, Halifax, 181; Sgt. McArthur, Truro, 182; Pte. MacLean, Truro, 189; Pte. Dugan, Fredericton, 179; Capt. Yroom, Annapolis, 178; Sgt. Lyman, Halifax, 177; Pte. Williams, Annapolis, 175; Corp. Fawcett, Halifax, 175; Sgt. Parker, Halifax, 174; Sgt. Christie, Truro, 174; Major Jones, Charlottetown, 174.

**2 MORE LIVES FLICKER OUT IN RACE OF DEATH**

BRIGHTON BEACH MOTOR DHOME, Aug. 27.—(Special)—Mechanics of the Sears car, in 24 hour automobile race was killed here tonight, and the driver, Laughton, was fatally injured in a collision with the Sears car shortly before midnight. Patchke, and Maynard, the crew of the Sears car, were only slightly injured. Both cars were wrecked.  
Gross and Cole were thrown from their car in the collision. Cole was almost instantly killed. Gross' spine was broken and he cannot recover. The race was stopped and at once resumed.  
Less than fifteen minutes later, in order to avert another collision at the same point, Vanstip, driving the other Sears car, struck death by steering his car straight through the heavy infield fence. Both he and his mechanic escaped injury and his car was damaged only slightly, losing a front wheel. The machine was dragged back to its quarters and started again in a few minutes with a new wheel. A short time before the accident in which Cole was killed, driver Hughes of the Allen-Kingston was seriously burned when his clothes caught fire from a blaze which started near his gasoline tank. The blaze was put out by one of the other drivers, who stopped his car and rolled Hughes in the hand while the mechanics smothered the flames in the car.

**WINDSOR LADY IS CHAMPION**

HALIFAX, N. S., Aug. 27.—In the final round of golf tournaments today Mrs. P. P. Handcock of Windsor defeated Miss Thomson of St. John, the Canadian champion in the final round of the championship. The team match between fifteen ladies from Nova Scotia and New Brunswick was also won by Nova Scotia.

**TOO MANY RUNS IN THE GAME**

Umpire Bremen, of the Wisconsin-Illinois League, recently called a game in the seventh inning because, he said, one team had scored more runs than he cared to see, and that the game was getting to be too much of a joke. Appiston was playing Rockford, and the former team had scored 35 runs up until the time Bremen called a halt.

**INTERNATIONAL GOLF CONTEST**

Arrangements are almost completed for the commencement of annual international golf matches between the United States and Canada.  
Perhaps it is not technically correct to say the commencement of annual matches, inasmuch as a good many years ago there were occasional contests, but they were never very regular nor very representative.  
At the recent annual meeting of the Royal Canadian Golf Association in Toronto, the incoming executive committee were instructed to ascertain if the United States Golf Association would accept a challenge looking to the establishment of an annual international match. In consequence correspondence followed and Mr. P. D. Ross, president of the Royal Canadian Golf Association, has received assurance from the United States Golf Association that a challenge will be accepted for annual contests if the Canadians would play the first match on the Garden City course near New York. October. This is satisfactory to the Canadian Association, and a team will be sent.

**NOTES OF THE RINGSIDE AND BOXING GOSSIP.**  
Young Erne has returned to Philadelphia from the Pacific coast where he was beaten by Lew Evell. Erne after meeting the winner of the Locke-Willis battle on Sept. 1 and Young Longrey on Sept. 4, will go back to California to meet Powell in a return match.  
Eddy Pappas has turned aside an offer to meet Jack O'Brien. "All I want is Ketchel," answered Pappas.  
Buck Cornelius, the backer of Peter Maher when the latter first came to this country, is at the head of a new boxing club in Pittsburgh. The first show is to be held in the opera on Labor day with Abe Attell as one of the principals.  
Morris Le Moine, the Webster, Mass. welterweight, has signed articles to box Abe the Newbury on Sept. 15, at Webster.

**THE RACE FOR THE PENNANT.**  
Hughie Duffy has promised \$1,500 to the Providence players if they win the pennant. Manager John Gansel has been promised a \$5,000 house and lot if the Rochester Club wins the pennant. The Buffalo Courier says:  
"Here's a tip to Mr. Gansel—he had best refrain from paying any instalments on the furniture that residence for a few weeks to come, anyhow. It's a great race and three great teams are bunching in the battle with others of no little class waiting a chance to jump in and make trouble. Toronto is by no means beaten yet and Jersey City is coming fast, while our own battered Bisons have shown some signs of resuscitation."

**NOTHING IN REPORT**  
"There is nothing in it," replied a Grand Trunk Pacific official this morning when told of the rumor which originated in Canada that James J. Hill and Pierpont Morgan were endeavoring to secure control of the Grand Trunk Pacific.  
Hon. William Puseley, Minister of Public Works, who has been touring the Provinces for several weeks past, is expected to reach home tomorrow. The Minister spent a couple of days at points on the North Shore in his way home.

**Six Trips to Boston and New York Via The Eastern Steamship Co.**  
This is the steamer that will carry the six lucky winners of district prizes in The Sun and Star contest to Boston—on their way to New York. Candidates, do you want to go? If so, get busy these next few days and get in every subscription possible before Saturday night.
