GRAND MANAN.

A Board of Trade for the Island

Weir Fishing is Improving, and Net Fisherman Are Doing Well-Confirmed by Bishop

Kingdon. GRAND MANAN, Oct. 9.-A board of trade for Grand Manan is now ar assured reality. Prominent business men have taken the scheme in hand in it. At a meeting at Grand Harbor on the 8th inst. Mr. Girdwood, principal of the North Head schools, was hosen chairman and C. W. Duke was secretary. In an excellent speech Chairman Girdwood stated the bject and aims of a board of trade He read a letter from F. O. Allison, secretary of the St. John board of trade, also extracts from the act of incorporation and the by-laws of that association, explaining its objects and working machinery; also a list of the committees of the same, all giving a clear and succinct idea of workings of such an association. J. W. Wooster moved, seconded by Dr. Du V. Jack, and it was unanimously carried, that a board of trade be organized for the sland of Grand Manan. The question was spoken to by a large number. including J. W. Wooster, Isaac Newton, manager of the Grand Manan Steamboat Co.; W. E. Tatton, Dr. Jack, W. A. Fraser, Geo. Dalzell and many other island men. Mr. Parker of St. John, agent of the Provident Savings Life Assurance Society, who was present at the meeting, in responding to a call made a capital speech, showing himself thoroughly familiar with the workings of and benefits derived by the city of St. John om its board of trade. On motion of W. E. Tatton, seconded by S. J.

Naves, it was unanimously decided that the board of trade be located at Grand Harbor, and on motion of W. E. Tatton, seconded by Dr. J. J. Lawson, a committee was appointed to arrange the preliminaries for the organization, time of next meeting, etc also carried. The committee appointed consisted of W. E. Tatton, chairman, North Head; George Dalzell Castalia; W. A. Fraser,

Cove; Isaac Newton, Grand Harbor: J. W. Wooster, Seal Cove; Henry Frankland, White Head Island. On a request for the names of all who were willing to become members eighteen persons stood up, and their names were enrolled by the secretary. organization at the next time of meeting, which will take place in the school

nouse hall on the 15th inst., is an as-

sured fact. Fishing is improving, some ninety ads of herrings were taken from Pond Point weir at Two Islands on the 7th inst. and sold for \$1,000 from the weir. On the 9th inst. 200 hogsheads of herrings were taken from the Den of Thieves weir at Two Islands and sold for \$2,000. Net fishermen are doing well. The weirs at Her statement reads: "I was cured Seal Cove have done nothing this year of Kidney Disease by Dodd's Kidney season. The weirs in Long Pond bay are only fishing intermittently. Up to date there is only half a catch of herrings on the island, but they'are more

evenly distributed among the people than was last year's catch. Ex-Councillor P. P. Russell is quite ill with pleurisy. The five persons confirmed by Bishor Kingdon on the 29th ult. make nineteen persons confirmed by his lord-

ship in this parish this year. Last year he confirmed twenty-one. The schr. Juta Price, Capt. Alex. Cole, has discharged a cargo of nearly 200 tons of coal for Capt. I. Ingalis at Grand Harbor. She brought it from New York. The schr. Ella and Jennie arrived from Sackville with a cargo of smoked herrings for Capt. I. Ingalls on the 5th inst. The are Bay

A HARD CASE. The saying that one half the world does not know how the other half lives is exemplified by the case of a family named Sears, living between Cocagne and the McLaughlin road. The family short time ago consisted of husband wife and ten children, all practically living in one room. Typhoid fever attacked the household, and first the lather died, then a grown up son, then he mother and later another child. All the remaining members of the family are down with the disease with one exception.—Moncton Times.

"THE PAIN MAS KILLING"

Rheumatism revels in the writhings of its victims until shorn of its pangs by South American Rheumatic Ours—It relieves in six hours and cures in one to three days.

Mrs. Geo. Smith, of 62 Charron St., Point St Mrs. Geo. Smith, of oz Charron St., Point St. Charles, suffered terribly from Rheumatism in her joints. The pain was killing, Doctors' medicines temporarily deadened the pain, but effected no permanent relief. She began taking South American Rheumatic Cure and when she had used four bottles was absolutely cured. 28

AUER LIGHT CO., MONTREAL. SOLE MAKERS IN CANADA.

WESTERN HORSES SOLD. The success of the recent sale of vestern horses resulted in another lot being put at auction Saturday. The adventures of former purchasers did not prevent a large crowd from attending and buying. As far as ap pearance goes the horses put up for sale Saturday were about the same as the previous week's lot, and they ranged in age from colts to animals of unknown years. There were few venturesome people who wished to examne the teeth of the animals, no doubt there will be plenty of opportunity to do that after purchasing. The prices obtained were very fair. Colts were sold from twelve to sixteen, dollars and full grown horses ranged all the way up to thirty-seven dollars. The average price would probably be about twenty-five dollars. The horses were not removed by their new owners until after the auction was over.

THIS IS GUOD NEWS FOR SOMEBODY

Madama Clouatre's Story will Interest a Sorrowing woman somewhere in Canada.

rench Canadian Lady Gives for Publica tion a Chapter in Her Life, in the Hope that the Woman Concerned may Read

Her Statement and Know the Truth. VALRACINE, Que., Oct. 11 .- (Special)-Madame Pierre Clouatre of this place feels it her duty to make public certain facts, and to this end has iven for publication a statement which she has signed with her hand, and to which her husband has also affixed his signature confirming the truth in

every detail of the story told.

It is only fair to Madame Clouatre to explain that in making public this part of her life's history, she is actuated only by the purest of motives the hope that by doing so she may help another.

For years this good lady suffere nuch with Kidney Disease. Her loving husband, sick at heart to see his wife suffering so much, tried everything he could hear of, but all to

At last he read an advertise

mpared with what they did last Pills. My case was one of long standing and very acute. My husband got two bexes of Dodd's Kidney Pills which I used. From the first dose I began to improve. I continued, and now can say that I am perfectly "I am making this statement fo

publication in the hope that some suffering sister may read it and do as I did, for I am sure that Dodd's Kidney Pills will cure her."

If this should meet the eye of any oman who suffers as Madame Clou-

atre did with Kidney Trouble she should be guided by that lady's happy experience to use Dodd's Kidney Pills at once and be cured. McMULLEN'S

LONG "TERM" Eight years in the toils when South American Kidney Gure gave him his liberty.

Michael McMullen read in the new South American Kidney Cure, and when doctors ried hard and had failed to cure him, he, with the faith of a prophet commenced the use of this greatest of Kidney Specifics. In his own words: "Gravel and Kidney Disease had been the bane of my life for eight years. Thanks to South American Kidney Cure to-day I am a well man. I wish I could have every kidney sufferer within the sound of my voice for long enough to tell it."

BENTON.

Presentation to S. Arscott-The Address. BENTON, Carleton Co., Oct. 12 .- A very pleasant event occurred at the office of Samuel Arscott & Co. on Friday evening, Oct. 4th, when the employes of the Benton branch of the ompany met S. Arscott, and on be half of the branches of Halifax, St. John, North Sydney and Benton, presented him with a handsome scarf pin

accompanied with the following ad-Dear Sir-Your employes in the several branches of your firm, hearing of your retirement from active work in your place in Benton, take this occa sion to express to you their good will and also to show their appreciation of your many acts of kindness to them. We wish to present you with this diamond pin and with it the hope that

your holiday may enable you to return to us greatly benefitted in health. The address was signed by the em-ployes of S. Arscott & Co. in Halifax, John, North Sydney and Benton Arscott left on Monday for Lon

don, Ont., where he will reside. His brother, Robert Arscott, has succeed-ed him in his place in Benton. The C. P. R. Co. have a number of bridge over Eel River to replace the old one, which has been condemned. Rev. George Ross left for Boston on Wednesday, and before returning home expects to be at St. John at the grand reception which will be given to the Duke and Duchess of York. Alex. Brittney has completed sive repairs on his houses. It is a neat and much improved building.

REV. J. W. CLARKE

Died Early Saturday Morning at Woodstock of Typhoid Fever.

For Eight Years He was Pastor of the Waterloo Street Free Baptist Church Here and Held Many Important Positions in the Conference.

WOODSTOCK, N. B., Oct 12.-Rev. John Wesley Clarke, pastor of the Free Baptist church, died at his home, Broadway, this morning at 7.30 o'clock, after a week's illness of typhoid fever. Mr. Clarke came to Woodstock from St. John about two years ago. He was an earnest Christian worker and much beloved by his congregation. The remains will be taken to St. John on Monday for in-

Rev. Mr. Clarke was born at Hampstead forty-six years ago, and was the son of Geo. Clarke of that place. . He received his education at the schools there and at Fredericton. After completing a course at the latter place he taught for a number of years, and during that time was baptized by Rev. J. N. Barnes. Showly after that he was ordained to the gospel ministry, and his first charge was in the north end of this city. He assisted in the organization of the Victoria street street church, and was in charge there for two or three years. His other pastorates were at Midland, Kings Co., Centreville and Tracey Mills, Waterloo street church and then at Woodstock. In all he was in the active ministry far about twenty-three years, but his longest pastorate was with the Waterloo street church, where he was for nearly eight years, leaving it in

1899 at the beginning of the conference He was a member of the conference executive, and was re elected to the he was then on a sick bed. During his ministry he occupied many important positions in the denomination of which he was a

er of the Home Mission Society, and the same height as the original tower also moderator of the conference. This and standing within a few feet of it summer he was appointed a delegate to the Nova Scotia conference, and on his return spent a few days in the the first time Thursday and the per-Mr. Clarke was married to Miss

this city, and leaves a family of two, a boy and a girl. Another child was buried here during his pastorate at the Waterloo street church. There are probably few ministers who had so many friends as Mr. Clarke. Of a generous and kindly disposition he was esteemed by all who knew him, and the members of his church and his brethren in the confer-ence had implicit confidence in him. He was a speaker of more than ordin-'ary ability, but it was as a pastor that his success was conspicuous, and the churches under his pastoral care al-

ways flourished The body will be brought here today for burial. The remains will be taken direct to Fernhill cemetery upon arrival of the Montreal express at noon and next Sunday memorial services will be held in the three Free Baptist churches of the city.

FLASHING NOW.

Fixed Light on Cape Cod Has Given Way to New One.

The far famed Highland light, as a fixed beacon, has passed from existence and a flash light has succeeded

the steady beams on the hook of Cape Captains in the coasting fleet who have thrashed back and forth to New York and Sound ports, will miss the wavering, glowing point that has guided them night after night on the amiliar path to the treacherous shoals and the Vineyard. They are sentimental, some of them, in contemplating the end of the lantern that has been watched by hundreds of thousands of skippers in storm and in

Lighted for the first time in 1797, for more than a century this great fixed white light of the first order has cast white light of the first order has cast its rays over the ocean.

For several years seamen have claimed that the light would be of much greater service if it could be changed from a fixed to a flash light.

E. G. Preston, secretary of the Boston chamber of commerce, took up the matter, and was able to interest the officers of the lighthouse department.

fficers of the lighthouse department at Washington, and the change is the The present tower was rebuilt in 1851, a white cylindrical brick struc ture rising 65 feet above the clay cliffs on which it stands. The center of the lamp is 180 feet above sea level. The lamp now being removed was placed in this tower when it was rebuilt and vas of 10,000 candle power. The new amp when installed in the permanent

wer will represent a power of 190,000 ed of mercury. A circular iron base pounds of mercury supports e whole structure above and allows he apparatus to revolve without fric-

tion. The lens is four sided and is The lens is formed of 36 prisms ar anged in tiers, the diameter of the 12 feet. The light from the la which is supplied with five cylindrical wicks, one within the other, and consuming two quarts of kerosene of nightly, is concentrated by the prisms and thrown out through central bulls eyes on each of the four sides. The apparatus makes one con
