The appointment is for the present term only. Edward Harvey, son of Joseph Harvey, Milford, who was going home Monday evening, fell off the sidewalk and broke his leg above the knee. He lay there all night and Tuesday morning was discovered in a helpless condition. He was sent to the hospital. Much sympathy is felt with Mr. and Mrs. W. E. Barnaby of this city, in the sad affliction through which they are passing. A few days ago their young son, Jack, a fine bright boy of ten, fell from the roof of a building and, striking on the back of his head, sustained injuries which it is feared are mortal. At last reports he was living, though he had not regained consciousness and appeared to be sinking. An important change was made Monday, at the St. John post office by the adoption of eastern standard time. The postal guide for October is made up in it and the street letter boxes and all post-office work are now on eastern standard. As all the railway and steamship mail routes are run on this time much confusion was caused at the post office by the use of local time and a change was decided on. In another column will be found the advertisement of the Dundas Knitter with up-to-date improvements. This Knitting Machine is admittedly the best in the market. Tyrrell was returning some two years ago from an exploring trip, he was compelled to abandon his specimens and instruments and placed them upon the shore of Hudson's Bay, north of Church Hill. The Hudson's Bay Company were asked to assist in the search for them, and they sent out a party of Esquimaux. The latter were successful and found everything of special value to the mining property almost intact. Wrecks had been broken into the sands and done some damage to a few of the articles. Broadwater, of Kilmora, Victoria county, to celebrate her 80th birthday. A number of other relatives and friends were also present. This dear mother thought quite feeble a body, retains her mental faculties to a remarkable degree, and her children and friends find great pleasure in gathering around her. She can tell them many stories of the past and point them to the glad reunion in the better land, she is now expecting to enjoy, with the many loved ones gone on before. Her children are all workers in the Sunday School and church; and the grandchildren are being gathered in and can bless God that grandma's prayers are being answered while she lives to rejoice with them.

Mrs. Candia Douglas was charged in the Winnipeg Police Court, on Thursday, with burning her boy's hands, with a poker, as punishment. Y., has been reported to have been the General Harmon of the United States, as taking up and removing into New York State an iron post which marked the boundary between the United States and Canada. Resolutions were adopted and speeches made by men prominent in civic affairs, all of whom favored the freedom of the island. The Post Office department at Washington has issued a fraud order against H. C. Knowles & Co., of Calais, Me. This firm was conducted by a man who sold beer in a prohibition state. He would order large quantities of beer upon thirty days credit, and sell the beer without paying for it, and decamp. He is now in Canada. The Edward McShee School for Girls at Woodville, Miss., one of the finest institutions in the South, was destroyed by fire Tuesday night. Many scholars were seriously injured by inhaling smoke. When the fire engine arrived the windows were filled with screaming crowds of young women, and their rescue was effected with much trouble. Bicyclists in Seattle appear to be a much more privileged class than in most towns. A city ordinance was passed there a few days ago prohibiting them from riding on the sidewalks of one principal avenue in the city, but allowing them to continue using the sidewalks on all other streets, although pedestrians are to have the right of way, the ordinance says. Lieut. Feary told a Portland, Me., reporter that he had done with Polar research; he was too old, and Mrs. Feary reminded him that she was a widow. B., after a short illness, Rebecca, beloved wife of Dox. J. M. Bradshaw. She was a member of the church for over 50 years and her faith in Christ was strong to the end. Our prayers are for the sorrowing friends. May the consolations of God, which are not small, be their comfort. MASTERS.—Entered into rest on Aug. 2nd, Sadie, aged 36 years, eldest daughter of the late Henry Masters, of Scotch Village. Our dear sister in early life gave herself to the Saviour, uniting with the Newport Baptist church, and for many years was one of its active workers in His cause. A kind friend, a true christian, ever faithful in the discharge of all the duties of life. For some time in the wise providence of God that bright life was veiled by a dark cloud, sending many a heart. But out of this in her last short sickness she came forth and entered into that light, where there is no night. LACE.—Jane, the beloved wife of Elias Lake, of Cheverie, Hants Co., N. S., died of consumption, September 28. All through her protracted illness she was most patiently resigned to the will of God. Here was a beautiful christian life. She found it not in her heart to speak ill of anyone, neither did she give occasion to anyone to speak ill of her. She was a faithful wife, a kind and loving mother, and will be greatly missed in the home from which she has been taken. Her aged father, Deacon James Conner, having been called to part with wife some years ago, took up his abode with her, thinking she would minister to him in his last hours, but is left to pursue his journey without her. We deeply sympathize with the bereaved family. LESLEY.—On the 25th ult., Mrs. Langley of this city entered into the Saviour's everlasting rest. Her funeral took place on the 27th; the services were conducted by Rev. Dr. Carey and Rev. Mr. Teasdale. Numerous relatives and friends were present to pay the last tribute of respect to the memory of one greatly beloved. Gentle and joyously she passed away from all earthly scenes to the paradise of God. She was spared to a good old age, to 88 years, and like a shock of ripe grain was gathered into

WELLS & RICHARDSON CO., Montreal P. Q. the garner of the Lord. For many years she was a member of the Brussels street Baptist church, having been baptised by the late Rev. Samuel Robinson. She loved God's house, "the place where His honor dwelleth." Owing to age and infirmities she was not able to attend regularly, but her heart was in the assemblies of God's people. From a happy home on earth, from loved ones who considered it a privilege to wait upon her, she has gone to the house of many mansions and the society of the redeemed. BARTON.—At the Range, Queen's Co., on Sept. 26th, Deacon Andrew Barton, aged 85. This beloved and tried brother had for many years been a pillar of the Second Grand Lake church. He was baptised Nov. 11th, 1843, by the late Rev. Thomas Saunders, and for over half a century he led a consistent and useful christian life. He was appointed deacon, June 1st, 1861, and he filled that honorable office faithfully and well. His walk with God was close and calm. In the neighborhood where he lived he was held in universal esteem, and though he came to his grave in a full age, his loss is deeply felt. For some months past, while retaining all his faculties, he has been in feeble health and unable to attend the means of grace; but up to the last he was greatly interested in the work of the church, and he has left behind him a joy to converse with him of the things pertaining to the kingdom of God. Of him it may appropriately be said: "Mark the perfect man, and behold the upright; for the end of that man is peace." His declining years were sweet and serene, and he passed away so quietly that his death can best be described in the beautiful scripture phrase, "He fell asleep." He leaves behind, five sons and one daughter, all of whom are walking in the truth. QUESTION AND ANSWER. Why does Hawker's balsam cure coughs and colds? Irish Frieze, MADE IN CANADA. Clothiers used to sell an Ulster at \$15 and \$18 that they said was made of Genuine Irish Frieze Cloth. This imitation Frieze was made in Canada, and to the person unacquainted with cloth, it would easily be palmed off as the genuine. It was a very unnecessary lie—one that was stopped some time ago. The material was good and well worth the money, and why shouldn't it be sold as Canadian make. Why not give credit where credit is due? There are different grades of Canadian Frieze but there is only one best. We have it in our \$11 Ulster. Nobody else has exactly the same as ours. We have three other grades of Canadian Frieze Ulsters, \$5, \$7, \$9, each of which are good value for the money or the money back.
