FLEET FOOT

Sport Shoes

THE very name suggests the kind of shoes they are. FLEET FOOT—light, easy, flexible—springy and buoyant when walking the links—firm and sure when on the tennis court and bowling green.

FLEET FOOT shoes were designed originally for sport. Men liked them so well—found them so restful and comfortable—that they demanded FLEET FOOT styles for every-day wear.

Then wives and mothers and girls in dainty summer gowns insisted on having FLEET FOOT Pumps and Oxfords.

Now, there are styles for every member of the family—men, women, boys and girls—for morning, noon and night—work and play—in town and for holiday time.

Genuine FLEET FOOT shoes have the name stamped on them.

It pays to get the genuine FLEET FOOT—pays in style, comfort, long wear and economy.

Ask your Shoe Dealer for Fleet Foot and make sure you get Fleet Foot.

Village Now Without Services of Police

Ratepayers Vote Against Provision of Pay for the Chief and His Men.

Cornwall, June 27.—The village of Massena is now without a police force. As a result of the refusal of the ratepayers to vote an appropriation of \$18,000 for the upkeep of the force in March last, some citizens have seen to it that officers carried on for a time through other funds. At that time rumors were current that members of the force were in league with bootleggers, and the appeal was turned down.

A second attempt to secure the appropriation to keep the town free from crime resulted in another defeat today, when a special election

for the purpose was held. While the result was very close, 199 for and 208 against, the trial was a failure, and the village board had nothing to do but discharge Chief Demo and his three patrolmen. The prospects are that the village will be without police protection until the regular village election next March, as there is no provision in the law under which a force can be maintained in Massena after the vote taken today.

The vote of the appropriation of \$3,300 to pay the salary of the village engineer, Mr. Stevens, was also defeated by 233 to 164, but the engineer will be retained and paid out of the general and street funds, the board members feeling that it is in the interest of economy to keep him.

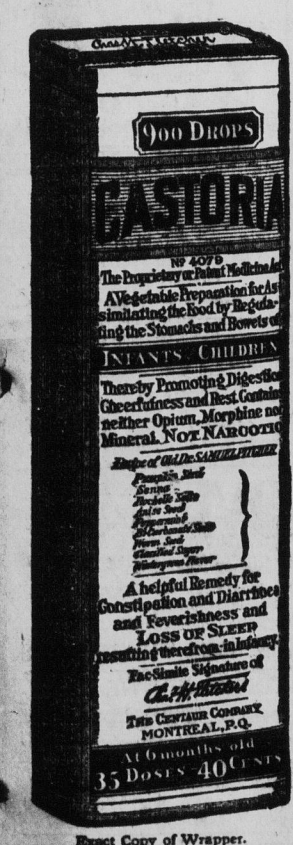

As a result of the police being discharged, the Fourth of July celebration this year has been cancelled by the promoters.

Making History.

INFANT MORTALITY in past ages has been something frightful, something almost beyond belief, and even today it occupies the time and the mind of leading physicians in all countries. The death rate among infants is being gradually reduced through new methods of hygiene, new preventatives and new remedies for infants. This reduction in the death rate has NOT been accomplished by adapting the precautions taken and remedies used by adults. Rather has it been to keep clear of the old methods, and choose after long research the precautions and remedies specifically applicable to infants.

This being so, is it necessary for us to caution mothers against trying to give her baby relief with a remedy that she would use for herself? Will she remember that Fletcher's Castoria is strictly a remedy for infants and children?

Children Cry For

Of Course You Love Your Baby.

You love it because of its very helplessness, because it can't tell you what is the matter when it feels bad. It can only cry and look to you for help. But the more you love baby, the more you want to help baby, the more you ought to realize what a wonderful remedy Fletcher's Castoria is. It has been used for babies' ailments for over thirty years.

An experienced doctor discovered Fletcher's Castoria especially for babies' use. It is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. Doctors who know what is safe and best for babies have only good to say of it.

Don't neglect your baby. Get a bottle of Fletcher's Castoria and give baby a few doses of it. See how the little one smiles at you as it is trying to thank you for helping it. Soon you will learn to depend on Fletcher's Castoria, made just for Infants and Children, and of course you would not think of using anything for them that was not prepared especially for Infants and Children. So keep it in the house.

GRAND BALL A BEAUTIFUL AND BARBARIC SHOW

Recalled Old Glories of Famous Lansdowne House.

ALL THE NOTABLES PRESENT AT FETE

One of the Few Great Entertainments Given in London This Present Season.

London, June 27.—Lansdowne House, one of the great mansions of London, now occupied by Gordon Fraser, formerly of Chicago, was the scene recently of a ball which recalled some of its old-time glories. Few dances on a great scale have been given in London this season, and the "Selridge House Ball," as the function is being called, attracted a good deal of attention. One society correspondent in the Evening News, writes as follows:

Was Beautiful Pageant.

"The ball was a beautiful and barbaric pageant. Fairy columns, transparent and luminous, guided the guests past glowing brackets and incandescent garlands to the portico of the historic mansion where the mighty and fashionable all seemed gathered. The rooms were cleared and two only were set aside for dancing. Lady Curzon arrived early and soon afterward Lord Curzon himself came from his duties at the Imperial Conference and walked through the corridors with Princess Alice Lady Athlone smiling upon his arm. Then Lady Desbrough turned up and Lord D'Abernon, and one caught sight of Lord Bosty in many ribbons, looking brisk and nautical. He danced a lot with Miss Julia James.

Prince Arrives on Scene.

"The place was packed when a fresh complexioned youth strolled up the steps with a few friends and assuming took his place in the crush of the pattering pairs. It was the Prince of Wales, and almost immediately after him, gallant and laughing, the King of Spain. King Alfonso might not have turned up, for he has been far from well. A polo ball struck him in the head and really hurt him, but the rest had revived him, so off he went to the ball, and let us hope he is none the worse.

George of Greece arrived a little later and Mrs. Chamberlain about the same time, and what a fine frenzied sight it was. Medals gleamed on many breasts and jewels sparkled upon the bosoms of the fair, and the entire ballroom seemed to be revolving, so interlocked were the dancers. At the side, in pince-nez, stood a grey-haired gentleman deferential and amused. Mr. Gordon Selfridge himself, and alone, seated in an alcove, watched, fascinated, the dearest old ringleted lady, Mrs. Selfridge, who was as fresh as the youngest in the room."

5th Century Wei Buddha

Boston, June 28.—Much interest centered upon the beautiful Buddha with the cryptic smile recently added to the extensive Salada collection here. The enterprising tea company have many beautiful examples of oriental art in their palatial building and this place, they say, comes from the Temple of Po-chy in Northern China, and is at least 15 centuries old.

MEIGHEN WILL BE AT MEETING WITH DE VALERA

All Dominion Premiers Likely to Have a Seat at the Conference.

CONFERENCE MAY COME THIS WEEK

England is Expecting Much Good to Result from the Meeting.

London, June 27.—(By Gratton O'Leary, Staff Correspondent of the Canadian Press, Ltd.)—In the event of Eamonn De Valera accepting Premier Lloyd George's invitation to visit London for a peace conference, it is altogether probable that the dominion premiers, now in London, will be invited by the British premier to participate in the negotiations.

In the Sunday Observer, J. I. Garvin, one of the leading British political writers, strongly urges such a step, and it is significant that in a letter to the Irish Women's Franchise League, published here Saturday, Premier Smuts of South Africa declared that "when the opportunity presents itself the dominion premiers will offer such advice as they think fit."

Knew Offer Coming.

It is believed that when Premier Smuts wrote the letter he was aware that Mr. Lloyd George was about to make the offer which was tendered to Prof. De Valera on Saturday. Premier Meighen spent the weekend in the country and could not be reached last night, so it is impossible to say what his views on the matter are. Up to the present his opinions have been those of the entire conference, namely, that the Irish question being more directly a matter for the parliament and government of Great Britain, it was not the task of the dominions to interfere. In the present case, however, this obstacle would not exist in as much as the conference would be invited to take part in the negotiations by Lloyd George himself.

If Mr. De Valera accepts the invitation the coming week in London may well be one of the most momentous in a century of British history.

Trotsky Sees War Between Britain and U.S.

London, June 27.—A naval war between the United States and Great Britain as a result of maritime rivalry will occur in 1924, according to a prediction made by Leon Trotsky, the Bolshevik minister of war, in addressing the third international at Moscow, Friday, says a dispatch to the Daily Herald, the labor organ, from Moscow.

"A swollen gourmand," was Trotsky's description of the United States, while he declared that Great Britain was losing her position of world significance. "The pound sterling has been vanquished by the almighty dollar."

The funeral of Catherine Quinn took place yesterday afternoon at 2:30 o'clock from her father's residence, 1 Park Avenue, East St. John, to St. Joachim's church, Silver Falls, where burial services were conducted by Rev. C. P. Carleton. Interment took place in the new Catholic cemetery.

Miss Mary A. Nannary, a well-known and highly respected resident of this city, passed away yesterday morning in the Mater Misericordiae Home after an illness of about eight weeks. She had been in failing health for some time and underwent an operation in the St. John Infirmary, but it failed to improve her condition and death resulted.

Miss Nannary was a teacher in the city public schools for a period of thirty-nine years. She received her appointment in 1872, the first year of the present school system. Her first position was in the Masonic Hall School, West End, where she taught until 1880, when she retired for a short time. In 1881 she was reappointed and taught in the La Tour school until 1911, when she was superannuated.

Dr. H. S. Bridges, superintendent of schools in speaking of her yesterday said that her death was very much regretted. He said that during a long period of service she had taught to the satisfaction of the school trustees and the parents of her children. "She was a faithful and conscientious teacher," he said, "and as a primary teacher had few equals throughout the city."

Miss Nannary is survived by two nieces, Mrs. W. R. Dally of San Francisco, and Genevieve Blinn of Los Angeles. Both are daughters of the late William and Annie Nannary of
