

Positively GUARANTEED to Perfectly Separate OATS from WHEAT

THIS special separator, grader and fanning mill (combined) is built particularly for the Canadian North-West. Try it on our binding Guarantee that it will separate Oats from Wheat and Oats from Barley faster and more perfectly than any other machine on earth.

The CHATHAM is made in TWO sizes, fitted with 25-in. and 33-in. Screens

OUR experience of over forty years in building special fanning mills for every farming region on earth makes it certain that this mill No. 2, built for your particular use, will put an end to the worst pest you Western farmers endure—wild and tame oats in wheat and

barley. This is the one machine that will get those oats out easily and with positive certainty.

THE CHATHAM Fanning Mill

It will not only take all the oats out of your seed-wheat and the wheat you sell, but it will grade your wheat—separate the shrunken, immature and undersized grains, which you can profitably feed your stock. It will positively add ten cents a bushel to the value of your seed wheat and five cents a bushel to the price you get for what grain you market.

You Can Get One Quick

We carry an ample stock of these special oats-from-wheat machines (which are also fitted with 17 riddles and screens for cleaning and grading ANY grain, big or little) at all our warehouses. We can ship yours on shortest notice. Get our proposition before planting-time comes.

Manitou, Man., March 15th, 1909
The Manson Campbell Co., Brandon, Man.
Gentlemen:

Before purchasing your 1908 Chatham Mill I had several other makes on trial and while they will all do fairly good work cleaning grain I found your mill very much stronger built, has a better bagger, cleans faster and will stand more hard usage than any other mill that I tried.

Any farmer requiring a good mill cannot make any mistake in buying a No. 2 Chatham Fanning Mill.
Yours truly,
(Signed) J. S. MILLER

Mr G. Graham, Fleming, April 12th, 1909
Care Manson Campbell Co., Brandon, Man.
Dear Sir:

I did not try the Fanning Mill and Bagger which you sent me until last Friday and we then cleaned up seed wheat with it and must say that we are well satisfied with the mill and bagger. It removes oats thoroughly and fast.

I enclose you a money order for the same.
Yours truly,
(Signed) JAS. G. MILLS

Govan, April 9th, 1909
The Chatham Fanning Mill Co., Brandon, Man.
Gentlemen:

Find enclosed P.O. Order payment in full for No. 2 Chatham Fanning Mill.

I have just finished cleaning up 600 bushels of seed grain and I am well pleased with it and I am satisfied it stands without an equal for taking oats out of wheat and it don't take a month to clean up your seed grain like some other mills. Trusting this will receive your approval, I am,
Yours truly,
(Signed) WM. N. EWEN

Oak Lake, Mar. 1st, 1909
The Manson Campbell Co., Brandon, Man.
Gentlemen:

I enclose you herewith payment for Chatham Fanning Mill and Bagger and I would say that I have tried two other kinds of Fanning Mills previous to getting yours and I find that the Chatham will take as much barley and wild oats from wheat at once passing through as the others did after putting it through three times.
I remain,
Yours truly,
(Signed) R. K. SMITH

Manson Campbell says:

"I have been building fanning mills since 1867. My mills were in the West before the C.P.R. I am a specialist in this oats-from-wheat proposition, and I KNOW this Chatham mill will do what I say it will in this advertisement."

The Chatham Fanning Mill was awarded the First

MANSON CAMPBELL, President

Prize at Paris, Buffalo, and St. Louis World's Fairs
