Proprietor of Alexandra Hotel,  
OTTAWA

Tells of Interesting Private  
Experience

People Should Bathe Internally as  
Well as Externally

It is not often that prominent people to-day lend their names for use in medicinal advertisements unless the article advertised has proved of wonderful benefit in their personal case, and it was for this reason that Mr. Babin wrote Dr. Tyrrell as follows: "I do not think I could find words explicit enough to express myself as I feel. I have used the J. B. L. Cascade two years and it has made a new man of me. In reality I feel that I would not sell it for all the money in the world if I could not buy another. Through my recommendation I know a number of my friends who have been using it with the same satisfaction. For people troubled with Constipation I think it is a Godsend. (Signed) T. Babin, Proprietor, Alexandra Hotel, Ottawa."

Do not neglect Constipation. Do not allow this clogging of the system with terribly poisonous waste to permeate your blood and lay your whole body open to the attacks of the most serious diseases. Take steps to rid yourself of this affliction to-day. Write to Dr. Tyrrell, ask him about his system of treatment. It is recommended by physicians everywhere and it has been used by over 300,000 people. See what this simple and sane method of using plain, pure water will do for you. Dr. Tyrrell will be glad to send you his free book and all particulars if you will address him, Charles A. Tyrrell, M. D., Room 522-1, 280 College St., Toronto, Ontario.
