

In Every Crowd
 Look For The Pen With The Clip-Cap

**Waterman's
 Ideal
 Fountain Pen**

INVEST

Every where

"The number of Clip-Caps, all indicating the possession of a Waterman's Ideal Fountain Pen, that may be seen in people's pockets everywhere, in the restaurants, in the streets, on the cars and in trains, is really becoming remarkable even to the casual observer. This bright little clip that grips seems to be everywhere."—Stat.

Electrical Heating Devices FOR THE HOUSEHOLD

RELIABILITY AND ECONOMY

3-pound Flat Iron for Sewing Room or Nursery

The heating and cooking appliances designed and manufactured by the Canadian General Electric Company mark a new epoch in domestic science in that they employ electricity to generate heat with absolute reliability and (when properly used) with excellent economy. They are SAFE even in the hands of the unskillful, and are practically INDESTRUCTIBLE.

Serviceability has been a SINE QUA NON in the design of these appliances, and they may be expected to withstand about the same treatment that ordinary household utensils receive. They will not "burn out" when the current is thoughtlessly left "on," although such practise is, of course, not recommended. The dishes are made without solder, and the heating unit has remarkably LONG LIFE.

6-inch Stove

 essence of the finest
 APERIENT WATER
 there is.**

Pleasant to take.
 Easy on stomach.
 Mild in action.

St. Leon Santé Concentrate is made at the springs in St. Leon, Quebec, directly from the water as it flows—nothing added.

St. Leon Santé Still Water, as well as St. Leon Santé Mineral Salts (Effervescent), may be had from any dealer or direct from us.

Observe the word Santé on each bottle and package. It means "bottled at the springs only."
