

First Showing of the \$25 Suits for 1909

LAST year we made a great reputation for our \$25.00 Suits for Women. We laid stress upon that line, and we achieved a gratifying measure of success. This year we hope to make a still greater reputation for our \$25.00 suits. We were encouraged to make more thorough preparations to that end, and we think that success will follow in larger measure than ever before.

But, we don't know. We want *you* to tell us. We want a unanimous verdict.

Let us describe three of them very briefly to give you an idea.

I

French Venetian, including the new grey-tone colors, broadcloth finish, lined with white silk, long pointed coats, trimmed with satin buttons, skirt to match, \$25.00.

II

English Worsted, hard Bradford finish, stripe effects in the new tones, long square cut coat, lined with silk, ornaments and buttons, panel skirts, \$25.00

III
