Dear Mrs. Tufts:

Thanks ever so much for your letter of 5rd.

I need hardly say that Mr. Forsey's book brought me a great deal of real pleasure and satisfaction. I have waited a long time for something like this.

The work Forsey did was tremendous. One can think of nothing in the way of authority he did not exhaust and no cranny into which he did not peer. There certainly cannot be produced an effective answer to the book. Many a reader will find it hard to express the disgust which will well up in his mind.

The stock answer will be that the election decides the issue. As well might an election decide the problems with which our Law Courts wrestle day by day!

Certainly Mr. Cohen can do an excellent review, and I feel sure he would be glad to take it on.

Yours very truly,

AM/E.
