

Explanations such as the above are required in regard to the following:-

No. 19 Nipissing Band - You should account for decrease of 1.
No. 34 " " - " " " " " " 2.
No. 35 " " - " " " " " " 1.
No. 56 " " - " " " " " increase " 1.
No. 62 " " - " " " " " " 1.
Nos. 66 & 67 " - Where did these persons come from?
Nos 36 & 37- Temogaming Band - Kindly explain whether the
wives of these Indians were in treaty
before marriage.

In conclusion I may say that when a transfer is made a note should be put in the "Remarks Column" stating from what Band the person came who was transferred and under what number each individual was paid in the said Band before the transfer was made.

The greatest care should be exercised in the preparation of pay-lists as carelessness in making entries therein causes much confusion at Headquarters.

Your obedient servant,
