## All Eye Pains Mean Something

Everything isn't right. What it is that is wrong can only be revealed by a careful examination by a competent optician.

We examine eyes carefully—and fit glasses accurately. Call and let us test your eyes. Maybe there is not the least thing wrong with them—but it's a good thing to know that there isn't. And it's a good thing to know that there is. It may seem slight—probably is slight—but a little right treatment at the right time will save you any amount of annoyance at some future time.

Better let us examine your eyes, it costs nothing.

### PROHIBITORY.

One of the east end residents has evidently been annoyed by trespassers and has decided to put a stop to the nuisance. He has accordingly procured a large white placard, on which is written in a large, scrawly hand the following notice:—"If any person is found trespassing on this place they will be prosecuted."

It has been impossible to ascertain which of our city lawyers drew up the document, but it supposed some student had a hand in it. At all events the sign has had its effect, for the owner of the property has been free from trespassers ever since.

## CONTEST IN EAST KENT

John Lee Likely to Have Opposition in the Approaching Bye-Election.

The Struggle Will Take Place Between the Nominees of the Machine and Another Independent Member of the Party.

Special to The Planet.

Blenheim, Oct. 26.—The statement is made here on excellent authority that the friends of Dr. McCully, Reeve of Harwich, and for many years a vigorous, energetic and stalwart champion in the ranks of the Liberal party, intend placing his name in nomination at Ridgeway on the approaching East Kent bye-election in opposition to John Lee, the candidate of the machine.

This decision was reached by the doctor's friends as a result of the resolution of the Conservatives not to enter the lists at the bye-election. They take the view that the Ridgeway nominee was not the choice of the people and in view of the fact that the Conservative party is not contesting the seat—it is safe to the Liberals and they have a right to demonstrate their choice in the matter.

The friends of Mr. Rutherford, another local aspirant for the honor, openly state that Dr. McCully will be in the field as an independent Liberal candidate.

Dr. McCully was in the city today and on the arrival of the foregoing despatch was interviewed by The Planet. He declined to commit himself definitely, saying that his friend, Geo. Johns, of Bothwell, was certainly entitled to the first call. He did not deny the truth of the despatch but said he was not prepared to make any definite statement at present.

An effort to secure Mr. Johns by phone this afternoon was unsuccessful, but it was learned that a strong dissatisfaction exists among his friends concerning his treatment at the convention and that there is little doubt now, owing to the action of the Conservative party in not contesting the riding, that his name will be placed before the electors in nomination. The impression also prevails in Mr. Johns' district that if he enters the lists he will have a rather easy victory over Mr. Lee, whose selection creates little enthusiasm and is claimed to have been the choice of the machine as against the real wish of the people.

There now seems little doubt that a contest will take place at the bye-election.
