

WILLING & WILLIAMSON,
PUBLISHERS, BOOKSELLERS AND STATIONERS.

A DICTIONARY
OF
CHRISTIAN ANTIQUITIES.

A Continuation of the "Dictionary of the Bible."

EDITED BY

WILLIAM SMITH, D.C.L., LL.D.,

Classical Examiner of the University of London.

AND

SAMUEL CHEETHAM, M.A.,

Professor of Pastoral Theology in King's College, London.

Complete in Two Volumes.

ILLUSTRATED BY NEARLY SIX HUNDRED ENGRAVINGS.

AN UNABRIDGED AND EXACT REPRINT OF THE ENGLISH EDITION FROM A DUPLICATE SET
OF PLATES PURCHASED FROM THE ENGLISH PUBLISHER.

THIS WORK IS A CONTINUATION of Dr. Smith's "Dictionary of the Bible, which has become a household book throughout the land.

BEGINNING WHERE THE BIBLE DICTIONARY ENDS, it embraces the first Eight Centuries of the Christian Era, or the period from the time of the Apostles down to that of Charlemagne.

THE SUBJECTS TREATED ARE, "the organization of the church, its officers, legislation, discipline and revenues; the social life of Christians; their worship and ceremonial, with the accompanying music, vestments, instruments, vessels and insignia; their sacred places; their architecture and other forms of art; their symbolism; their sacred days and seasons; the graves or Catacombs in which they were laid to rest."

THE MOST PAINSTAKING AND COMPREHENSIVE RESEARCH through thousands of scarce and costly volumes, the careful and critical examination of numberless authorities, the most catholic and impartial survey of each subject are here embodied, to give to the Christian public a knowledge of the life and institutions of the Primitive Church, never before attainable by any one except by many years of study and a resort to the great centres of literature.

THE AUTHORSHIP OF EVERY ARTICLE, however brief, may be readily learned, the initials of the writer's name being appended, and these can be interpreted by the full list of contributors, with their titles, which prefaces the work.

IT IS A LIBRARY IN ITSELF—a condensation of the learning and scholarship of the past eighteen centuries respecting the Antiquities of the early Christian Church.

TO THE MINISTER this Dictionary of the Church is an absolute necessity.

TO THE SABBATH SCHOOL TEACHER AND PUPIL it is an auxiliary that cannot be overrated.

IN THE LIBRARY OF EVERY INTELLIGENT FAMILY it is worthy to take a place beside the Books that are consulted or studied, as household Guides or Helpers.

Both volumes have a magnificent Cyclopædia—yet so cheap as to be within the means of all lovers of religious literature.

In Fine English Cloth, Sprinkled Edges, - - - - - per Vol. \$3.75
In Leather, Library Style, - - - - - " 4.50

The Dictionary will be sent by mail, postage paid, on receipt of price.

The name of William Smith is associated with a series of dictionaries which has grown to colossal proportions, and in the extension of which no end has yet been reached. The "Dictionary of Greek and Roman Antiquities" (1 vol.), of "Greek and Roman Biography and Mythology" (3 vols.), of "Greek and Roman Geography" (2 vols.), and of the "Bible" (3 vols.), are the chief members of the series, the whole forming an Encyclopedia upon Classical and Biblical topics, the supreme excellence of which has been acknowledged wherever the English language is spoken. To these great works is now to be added a fourth, in two volumes, which he has since promptly reproduced in this country. It is a "Dictionary of Christian Antiquities; in purpose and scope a continuation of the "Dictionary of the Bible." In plan and form it resembles that and its predecessors above named. And in manner of execution it is entirely worthy of a place by their side. The most rapid examination of this Dictionary is sufficient to show that it masses an amount of information which has hitherto been wholly inaccessible even to ordinary students. That there has been no intentional departure from an honorable candor there is every ground for believing.—from the Congregationalist, Boston.
