McKINNON & McLEAN.

It is a conceded fact that a country to become prosperous, must protect and encourage HOME MANUFACTURE.

Ours is a *Home Institution*, where we make STEAM ENGINES and BOILERS, Lobster Factory Supplies, Mill Gear of every description, Threshing Mills and Fan-ners, Ploughs, Pulverizers, and Ship works of all kinds in Iron and Brass.

As Agents for the LEFFEL AND VULCAN WATER WHEELS, we would direct the attention of Mill owners and others, who use Water power, to the accompanying cut of the Water Wheel we are supplying. It is the original design, combining the latest improvements of Lef-fel's Patent, manufac-tured by Paxton, Tate and Co., Ontario, which we can furnish at lowest prices and most reasonable terms.

We also furnish BURR STONES, Improv-ed EUREKA SMUTTERS BOLTING CLOTH, cut, to order and ready to put on Reel, and all MILL FURNISHINGS, cheaper than ever.

We would ask the special attention of Millers to our SILVER STEEL MILL PICKS, for Burrs,—Carbon edged and warranted. Give them a trial.
