

court was adjourned. Since then a private settlement has been effected and the case withdrawn. Each side will pay their own costs.

The opening meeting of the Tennysonian Society took place Friday night. President Wood's inaugural address was short and seasoned with wit. Perrin Baker's violin solo was listened to with interest, Mr. Tugerson accompanying on the piano. The subject of the debate was, "Resolved that Americans should be kept out of the Klondike." Aff. Robertson and Phipps; neg., Sprague and McNeil. The negative side won. Mr. R. D. George, B.A., was critic. Mr. Fox gave an instrumental solo.

Mr. A. W. Vining, '98, has been confined to his room for the last week with a sprained ankle. Mr. Vining received this while playing in the football match with Pharmacy. It is a case of being wounded with face to the foe.

It was stated last week that Matthews had scored the greatest number of points at the annual field day, thereby winning the McKnight Cup. This was an error, as Matthews and Sprague both scored the same number. The names of both will be inscribed on the cup, and a 220 yard race will be run to determine the winner of the Chancellor's medal.

SCHOOL OF PRACTICAL SCIENCE.

The Rugby team, which will represent S.P.S. this week in the series for the Mulock cup, will not be as strong as had been anticipated. Boyd of Varsity I. and Foreman of Varsity II. will be unable to play owing to injuries received in previous games.

The ninth annual dinner will be held Dec. 10. Arthur Piper is hustling the arrangements, and says that the affair will be far ahead of those held in former years.

Mr. Robinson has been making some interesting but rather unsatisfactory experiments in chemistry during the last week. It is understood that he intends to try potassium hydrate when he feels thirsty again.

Mr. Roy Stowell, full-back of last year's team, paid a visit to the school a few days ago. He is just returned from the British Columbia gold fields. Mr. Stowell stated that he acquired quite a sum of gold by rubbing mercury on the soles of his boots and thus picking up the gold as he walked along.

Some seven or eight S.P.S. and Arts men formed a party last week and started from York Mills intending to study the geology of the flats along the Don river. They had intended to terminate their explorations when Taylor's brickyards were reached, but darkness found them four miles east of their destination. The party had taken the wrong branch of the river. The members of the party were sworn to secrecy, but some one of them divulged the matter and now they are getting the laugh.

TRINITY TOPICS.

The lecture by Dr. Bourinot in Convocation Hall, fixed for Dec. 3rd, at 4 p.m., promises to be most interesting. His subject will be "The Loyalist Makers of Canada, their Devotion, Sufferings and Influence." It is needless to say that the subject will be treated in a very masterly way.

The Athletic Association held a general meeting on Thursday evening. Mr. McEwen's resignation was not accepted, and he will take his place once more on the committee when he returns. It was decided to heartily endorse the inter-college football scheme. The selection of delegates to go to Kingston was left in the hands of a special committee.

Rev. Professor Huntingford has nearly recovered from his bicycle accident, and is again taking his usual lectures. The College has reason to be thankful that it was not more serious.

The Athletic concert and dance for Nov. 30th is progressing towards success in the hands of the energetic committee. Already circumstances point to a pleasant and successful evening.

Mr. R. H. Warren, the President of the Church Students' Missionary Association, is hard at work arranging for the convention to be held here in February next. He and his committee have already drafted the programme, which will be printed and distributed in the near future. Nearly all the American and Canadian Church Colleges will be represented, and the best speakers available have promised to be here.

Owing to the efforts of Mr. C. P. Sparling, M.A., the Trinity Banjo and Guitar Club has been resurrected and is organized for practice. Mr. Sparling has been elected President, Mr. McCausland, Secretary, Treasurer, and Messrs. Fee and McDougall, committee. The club hope to be "in shape" for Christmas.

The Annual Steeplechase will be run on Tuesday afternoon next. Professor Huntingford again very generously offers a handsome cup. The course is somewhat harder and longer than last year, but the race will nevertheless attract a large number of competitors.

Mr. D. F. Campbell leaves very shortly for England to take a commission in the Imperial army. Perhaps no man has been better known both here and outside than Mr. Campbell. He will carry with him the best wishes of many friends everywhere, as well as Trinity. He combined admirably both

sides of college life, for while the foremost man in athletics, he was at the same time a first class honor man in Philosophy.

The number of the "Review," the first under the new board, has made its appearance and reflects no small credit on the editorial staff. Mr. J. Gladwin McDougall is editor in chief.

Mr. H. T. S. Boyle will represent Trinity Arts at Trinity Medical dinner on Dec. 2.

The football team scored a victory over the Old Orchard team on Monday last. The latter is a local team, but several experienced men from other colleges played with them and made the game interesting and close. The score was 21 to 3.

Mr. A. S. B. Lucas, '00, who was injured in the match with U.O.C. is receiving congratulations on his return to work. Mr. L. McLaughlin is also attending lectures again, after a temporary forced rest.

The Year Book is making progress toward publication. The delay this year is owing to the increased size of the book, as it will this year include the Faculties of Medicine and Law as well as Arts.

Rev. C. H. Shortt, M.A., on Tuesday evening, gave what proved to be one of the most interesting lectures ever listened to by Trinity students. His subject was "Christian Reunion," and the subject was dealt with in a most practical and instructive manner. The address was undoubtedly much above the average. Rev. F. C. C. Heathcote, and Rev. R. J. Moore, M.A., together with some others, conducted the after discussion.

The Inter-year football games are exciting no small interest. On Tuesday, classes '99 and '98 struggled for supremacy. The latter team was the first to score, and seemed to keep the ball well on their opponents' quarter, but Parmenter and Griffith broke through several times and scored '98 failed to even it, and the game went to '99 by a score of 25 to 5, though the teams were more evenly matched than the score might indicate. On Friday class '98 defeated Divinity by a score of 17 to 3. A high wind assisted '98 during the first half, and in the second half the efforts of Campbell and White failed to make up the deficiency. Jones and Marling played well for '98. So far '99 seem to have the championship within their grasp.

The Rev. J. F. Rounthwaite, B.A., president, took the chair at the "Lit." on Friday night. The debate was: "Resolved, that a lawyer is justified in defending a man contrary to his personal convictions." Mr. Sparling opened the debate with a well-prepared speech, followed by an address of the first order by Mr. Strathy, who, for a young speaker, showed marked ability. Mr. Mackenzie followed rather briefly but neatly for the affirmative, and Mr. Kirkpatrick, whom, by the way, we welcome from Queen's, then took up the cause of the negative again. Mr. Sparling replied in good form, whereupon the vote was taken, resulting in a tie, which was broken by the chairman in favor of the negative. Mr. Boddy, the essayist, sent an apology pleading his inability to be present. Mr. Griffith favored the audience, which was somewhat larger than usual, with a pleasant little reading, and Mr. Ireland's, '00, was also well received. After some minor business, of which the substitution of the *Guardian*, in the Common Room, for the *Church Times*, a motion of adjournment was put but lost. Some discussion followed on the "Conversat." and the Institute adjourned.

It is hoped that an inter-collegiate debate will be arranged for the beginning of next month between Osgoode and Trinity. The names of the debaters are not yet published.

SENATE FILLS VACANCY.

PRINCIPAL GALBRAITH SUCCEEDED BY FATHER TEIFY.

The Senate of the University of Toronto had a very busy meeting Friday evening. Principal Galbraith, one of the Senate's nominees on the Educational Council, sent in his resignation. Rev. Father Teify of St. Michael's College was selected to fill the vacancy. Mr. John Somerville of Owen Sound was appointed a member of the board to fill a vacancy caused by the resignation of A. R. Dickie of Nova Scotia.

A number of graduates who had earned the distinction of M.A. and LL.B. in the spring, but who had not the degree conferred in June, were present at the meeting, and received their degrees in due form. There are also a number of men who wrote off their final examinations at the September supplementals. These had the degree of B.A. conferred upon them.

VETERINARY MEDICAL SOCIETY.

At the regular weekly meeting of the Veterinary Medical Society, held Thursday evening, a very interesting programme was presented. The following gentlemen presented papers which were read and discussed:—Essays—Examination for Soundness, G. W. Mackie; Arnica, R. Macdonald; Castration, J. E. Ellis. Communications—Poison in Dog, J. D. Bell; Choking, B. W. Powell; Acute Laminitis, D. McKenzie; Mammitis, W. H. Petchick.

Only \$1.75 a week to students for table board. Furnace and bath. Rooms cheap. 6 Irwin Ave.

In the inter-year games last week '99 gave '98 a bad defeat. Score 18-1.

Mr. Reader

If you want anything in the clothing line, there are many places in the city where you can get it. If, however, you are particular as to how your clothes fit and look, you should get them of us. Our clothes have about them that indescribable something which marks the difference between high-grade tailoring and that which is not high-grade.

For \$18

We will make you a stylish fitting, artistically cut and constructed overcoat of Beaver or Melton. They will be gotten up to suit your fancy. The same sum will also procure a natty looking Scotch Tweed suit. We cut our trousers from the very latest patterns. If you are a student we will give you a bargain.
