"Good crops or poor crops, which shall it be for 1901?"

Freeman's Fertilizers.

ONE TO FOUR TONS PER YEAR.

To W. A. FREEMAN & Co., Hamilton, Ont. North Oxford, Ont.
 DEAR SIRS,—Having used from ONE TO FOUR TONS per year of your SURE GROWTH FERTILIZER for wheat, oats, corn and mangels, for the last six years, with good success, I also find it an excellent thing for seeding down with, and can heartily recommend it to any person who wishes to make farming a success. I remain, Yours respectfully,
 (Signed) GEORGE RAYMOND.

CAN TELL TO A DRILL MARK WHERE IT WAS USED.

WM. ARMSTRONG, Locust Hill:—"Purchased one of your SURE GROWTH Fertilizers last spring. Used it on barley and corn, and can see to a drill mark where it was used, especially in the barley, it being stronger growth and will ripen some days before the part of the field where none was used. I am pleased to place my order for one ton more."

 Office, Factory and Warehouse, 151 YORK ST., London, Canada.

Why

—In these times of keen competition, is there such a great demand for this All-Steel Flexible Harrow?

Because

The Flexibility of the Harrow enables it to adapt itself as readily to rough and uneven ground as to smooth, and the oscillating motion produced by its flexibility pulverizes the ground and leaves it in a loose and more porous condition than any other Harrow, and it is made of the very best material money can buy for the purpose. The bars are made of Hard Spring Steel, very stiff and strong, the hinges and teeth being of solid steel, all of which are of a higher grade than is possible to use in any other make of Harrows.

We guarantee more than double the strength and wear in this Harrow than there is in any other make.

Parties wishing a first-class Harrow will do well to write us direct or apply to the local agent.

OUR MOTTO: "Not how Cheap, but how Good."

TOLTON BROS., GUELPH, Ont.

THE IMPROVED

U.S. CREAM SEPARATOR

Has fully established its position as

THE STANDARD SEPARATOR OF THE WORLD.

It has repeatedly beaten in competitive tests all other kinds of Cream Separators.

At the National Buttermakers' Convention

At St. Paul, Minn., Feb. 18-23, 1901, with 829 packages in competition,

United States Separator Butter Scored the Highest, 98 Points,

made by Edward H. Webster, Ames, Iowa, and entered for scoring only.

The Third Best Butter was also U. S. Separator Butter, made by W. R. Lund, Plainview, Minn.; score, 96 points.

The Gold Medal for Highest in Gathered Cream Class

was also the product of

United States Separators and Cooley Creamers,

made by W. C. Noble, South Waterford, Me.

Our "would-be competitors," the DeLaval Separator Co., advertise that they had 668 entries to 19 U. S. entries—35 chances to 1. Notwithstanding this

THE UNITED STATES PRODUCT SCORED THE HIGHEST, SCORED THIRD HIGHEST, AND GOT A GOLD MEDAL TO ITS HONOR. WHAT GREATER VICTORY COULD ANY ONE ASK FOR?

The United States Separator Stands Triumphant.

Ask for circular with full particulars and illustrations.

Made in all sizes, from 150 lbs. to 3,000 lbs. or more per hour. Write for illustrated circular giving full particulars.

VERMONT FARM MACHINE CO.,

BELLOWS FALLS, VT., U. S. A.
