

30 PERCHERONS

Also Shires, Hackneys and Clydes and 12 Percheron Mares (3, 2 and 1 year old) have just arrived with our new importation from Scotland, England and France, of high-class stallions and mares. Many of them prizewinners in their native lands. Bred by the best breeders. Percherons, blacks and grays, weighing 1,600 to 2,000 pounds. Shires at two years old weighing 1,700 pounds. Clydes, bays and blacks, 4 and 5 years old, weighing 1,800 to 2,000 pounds, bred by the best in Scotland. Our Hackneys are bays and chestnuts, combining size, quality and breeding that cannot be beaten. These horses can be seen at Toronto and London fairs, and all for sale at reasonable prices.

The lot of such cracks as Everlasting, Acme, Mains of Airies, Goldfinder, Prince of Roxborough, Olympian, Royal Blend, Up-to-Time, Sentry, Rozelle, and Caribbees. All three years and over in foal. A high-class lot, with size and quality. Will be sold worth the money.

DONALD GUNN & SON, BEAVERTON P. O. & STN.

A number of choice young Yorkshires, both sexes. 'Phone connection.

GOSSIP.

Hudson Usher, Queenston, Ont., in sending copy for a change of advertisement, writes that the yearling bull he is offering is a grand good one, sired by their former great bull, Derby (imp.). His dam is Bessie's Maid, by that noted bull, Royal Prince, so long at the head of the Thistle Ha' herd.

COW-TESTING ASSOCIATION RESULTS.

Herewith is given the result of the second testing period at St. Alphonse (Bagotville), in the Lake of St. John group of associations. Only 150 cows are reported this time, against 250 last month.

Members of all these associations should clearly understand that the advantage of weighing and testing becomes more apparent and valuable as it is persisted in regularly. One trial trip of 30 days is as nothing compared with the information and benefit derived from systematic and careful watching of the yield of milk and fat, with a view of remedying all disturbing causes, and increasing the product. Then profit increases. Stick to the weighing!

One hundred and fifty cows tested averaged 583 lbs. milk; average test, 3.6 per cent.; average of fat, 21.1 lbs.

The result of the fifth test at North Oxford, Ont., shows the average per cent. of fat, 3.4, as against 3.2 for the other four months. The individual yields of milk are keeping up well; in seven herds there are records of over 1,000 lbs. This should encourage members of other associations.

The average yield of butter-fat per head varies from 20.3 to 31.3.

Average milk of the 271 cows tested was 722 lbs.; average test, 3.4 per cent.; average yield of fat, 24.7 lbs.

GEO. MILLER'S SALE.

At his farm, lot 19, con. 10, Markham Township, on Tuesday, Sept. 25th, 1906, Mr. Geo. Miller will sell, by auction, his entire herd of Shorthorn cattle and flock of Southdown sheep, together with all the horses. As he has sold his farm, and is moving to Texas, there will positively be no reserve. The Shorthorns number 16 head, nearly all of them belonging to the Canadian Rose of Monrath strain, founded on cattle imported by the late Georgie Miller, of Rigfoot farm, originally of the Symes strain that produced so many show cattle for Mr. Miller in days gone by. Rose Monrath 12th, by Imp. Fitz-Stephen, dam by Imp. Indian Chief, is a big, thick, good one, and a roan eighteen-months-old son of hers, Eclipse, by Imp. Langford Eclipse, is one of the low-down, thick kind, a bull fit to head almost any herd; and a half-sister of hers, Rose Monrath 9th, by Imp. Golden Measure, is another big, thick one. Rose Monrath 13th, by Lovely Lad, a son of Imp. Bapton Fancy, is still another half-sister. She is a roan yearling, and a nice one. Rose Monrath 11th is by Imp. Fitz-Stephen Forrester, dam by Aberdeen of Markham, a son of Imp. Aberdeen. There are several others bred the same—high-class animals in grand condition, and regular breeders; also several tracing to Imp. Red Rose and Imp. Louisa, and a year-old daughter of Imp. Bella Hillhurst 2nd, by Imp. Royal Champion. These are a big, well-put-up lot, and extra good milkers; also two bull calves, six and seven months old, by Imp. Scotland's Fame. The Southdowns number 43, bred from imported Webb foundation. This year's lambs are by Imp. Alban's Enterprise, a St. Louis winner. There are three two-shear rams, one of them the imported stock ram; four one-shear rams, and six ram lambs, seven shearling ewes, twenty-one two-shear and over, and two ewe lambs. This is the flock that won first prize at Toronto in 1904, on a pen of Canadian-bred. They are strictly a high-class lot, and will be sold to the highest bidder. There will also be sold 20 head of grade cattle—mostly steers. The sale will commence at 1 p. m., sharp. The farm is easily reached from Markham Station, G. T. R., 4½ miles, or Locust Hill, C. P. R., 3½ miles. Terms cash, or special arrangements can be made by those wishing. Geo. Jackson, of Port Perry, will wield the hammer. Catalogues on application, Markham P. O.

Skin Troubles of Babyhood

AND HOW PROMPTLY THEY ARE
OVERCOME BY THE USE OF

Dr. Chase's Ointment

Your family doctor will explain to you, if you ask him, the mission of the pores of the skin, and will tell you of the dangers of using pore-clogging powders for the chafings and irritations to which babies are subject.

Any mother who has used Dr. Chase's Ointment for this purpose will tell you of how beautifully soft it has kept the skin, and of how quickly it cured the chafing or irritation.

Especially during the teething period, children are likely to suffer from eczema, and unless it is promptly checked there is danger of it spreading to other parts of the body and becoming chronic.

There is no rival to Dr. Chase's Ointment as a cure for baby eczema, as it is usually called, and it can be used with positive assurance that it will not injure the most delicate skin, but, on the contrary, keep it soft and smooth.

Dr. Chase's Ointment is a necessity in every home where its merits are known, and is indispensable in the nursery; 60c. a box, at all dealers, or Edmansons, Bates & Co., Toronto.

Dr. Page's English Spavin Cure.

For the cure of Spavins, Ringbone, Curbs, Splints, Windgalls, Capped Hock, Strains or Bruises, Thick Neck from Distemper, Ringworm on Cattle, and to remove all unnatural enlargements.

This preparation (unlike others) acts by absorbing rather than blister. This is the only preparation in the world guaranteed to kill a Ringbone or any other hair. Manufactured by Dr. Fredrick A. Page & Son, 7 and 9 Yorkshire Road, London, E. C. Mailed to any address upon receipt of price, \$1.00. Canadian agents: om
