

A SMALL BOY CAN
RUN THIS

DAIN
VERTICAL LIFT
MOWER
WITH EASE

Three
Piece
Gear

AND THIS IS WHY

The Dain Vertical Lift feature is controlled mechanically—not by sheer human strength, when raising the cutter bar over stumps or stones; or in turning corners. A pull at the hand lever or a push on the foot lever, and the cutter escapes all obstructions. In raising the cutter bar to an upright position, for transportation, the operation is made an easy and rapid one by using the hand lever and the foot lever together. This automatic control is at the driver's right. It is worked while in the seat.

The draft of the Dain Vertical Lift Mower is reduced to the smallest possible resistance because the weight of the cutting apparatus is carried on the wheels by means of the Dain adjustable coil spring. This large, strong coil spring keeps the cutter bar down to its work, and the cutting power is largely increased. Conditions being equal, the Dain Vertical Lift Mower will cut more hay and cut it easier than any mower made, and after the same amount of work will be in better condition than any other mower. For this reason, it lasts longer, and proves without doubt the very best mower investment that you could possibly make, from your standpoint.

The Dain Vertical Lift Mower is designed to make mowing easy. It is wonderfully strong. It is simply built and easiest handled. Saves your strength and spares your horses. Dain mowers are made to last and do their work the way you want it done. Ask the nearest Dain agent. He'll gladly show you why no other mower is as good. A post card request will bring our booklet of conclusive reasons why the Dain Mower is the mower for you. Tells you all about mowers. Don't wait. Get your pen and write now.

The Safe-Lock fence

The Safe-Lock fence is the latest improvement in the line of Farm Fences. There are three points in which it supersedes other fences:

3rd. The lock cannot slip nor separate in any way.

For illustration of these three points see the cut below, showing the "Safe-Lock" in detail.

1st. The stays and the locks are made of No. 9 Hard Wire, therefore they will last as long as any other portion of the fence.

2nd. As the strands are left absolutely straight (excepting the usual coil), they are stronger by two hundred pounds than a "ring" lock fence.

"Monarch" stiff-stay Fence

Our Monarch is easily the peer of all stiff-stay fences.

applied by heavy direct pressure at the point of crossing. This heavy direct pressure is responsible for much of the broken-wire troubles of ordinary fences.

All No. 9 hard drawn steel wires.

When making the Monarch, the lock is driven diagonally with the laterals, instead of being

Complete explanation furnished in free booklet. If you are wise you'll write for a copy.

PACK YOUR SOIL WITH
The "Bissell"

Making land rollers is a "side line" with some manufacturers. But with us it is our life work. For nearly a score of years we have concentrated all our efforts on the manufacture of just two things—land rollers and disc harrows. That we know how to make these machines better than others, the records of our machines in field competitions is abundant proof. When you purchase the "Bissell" Land Roller you secure a roller that will pack your soil better—a roller that is unbeatable for crushing stiff, lumpy soil. The three short steel drums are easy to turn.

It rides easy. The position of seat prevents jars and jolts. Because of the large roller bearings, and because the axle revolves with drums, friction is reduced to the vanishing point. The "Bissell" is the lightest draft, as well as the easiest riding and smoothest soil packer on the market. For further particulars ask Dept. W. for catalogue, or see your local dealer.

T. E. BISSELL COMPANY, LIMITED, ELORA, ONT.

"VANCO" Brand
Spray Chemicals

have a uniformly high strength which you can seldom, if ever, get in home-made mixtures or other commercial sprays. They are prepared by expert chemists, from the purest chemicals, combined in exactly the right proportions to make safe and effective sprays.

We make all our Sprays right here in Canada, and ask for business not on promises, but on records of Government analyses and practical tests.

"VANCO" Lime Sulphur Solution

contains a maximum amount of active sulphur, without any useless sediment. With it you can eradicate scale, scab, blight, mildew, aphids, bud moth, and all parasitic sucking insects and fungi.

One barrel makes 12 for spring or 50 for summer spray. Price \$8.00 per bbl., f. o. b. Toronto.

"VANCO" Lead Arsenate

kills leaf-eating insects more effectively than Paris Green, sprays easier, sticks better, and never burns the foliage. It contains 15% to 16% Arsenic Oxide and only 40% moisture average.

Price 10c. to 13c. a pound, according to quantity.
