That Little Blue Flag ends guess-work in buying paint

"You are absolutely sure of satisfaction in buying paint, varnish, enamel, or anything else of the kind, if you see the 'Little Blue Flag' on the pail or can. It is the stamp of highest quality.
"I am glad to recommend

Scientific and exposure tests at the factory, as well as use on thousands of farm buildings prove that "High Standard" paint will withstand the weather a long time, keep its color, and leave a good surface for repainting. You'll save money and get sure protection for your property by paying a few cents more a gallon for "High Standard" paint. It's sold by a dealer near you. Ask his name if you don't know. Good Roads Improve Social Conditions

NO matter what your station in life or where you live, a certain amount of your time must be spent in pleasure to make life worth the living, and to obtain that pleasure you go to town or to your neighbors—especially is this true when living in the country.
Good Roads enable you to get into town or to your neighbors quicker, more often and without you or your horses or vehicles being covered with mud, and without regard to weather conditions or season. They enable your family physician to get to you quickly in times of illness. They enable your children to "foot it" to school every school-day. They keep your boys and girls on the farm by giving them better conditions generally.

Concrete Roads

are "every-day" roads—they have no "closed season" because they are open to traffic every day in the year. They are the most economical roads because they reduce the cost of maintenance to the minimum. They are easy of traction, clean, hard and free of ruts and holes. They keep your road money out of the mud.
Let us send you, without cost, complete information about concrete roads.
