## The Altar Of Friendship

Do not hazard your all on the altar of friendship. Thousands of men have been ruined by going surety for friends. Better far for you to pay a strong surety company the premium on the bond. It will pay you to enquire about our policies.

time to be \$9,637,697.46. The auditors could see no reason why a levy was not made on account of debentures amounting to over \$2,000,000. Debentures issued in 1883 for over a million dollars had been paid from the profits of temporary loans, for the repayment of which a new issue of debentures will be necessary. Another sum of near \$700,000 falls due in 1914, which will have to be met in the same manner. The auditors suggest a new plan of working the city's bank accounts, whereby monies raised through the general rate and the miscellaneous receipts,—which constituted the general revenue of the city—should be kept separate from monies raised for capital expenditure. They further recommend that a adequate auditing bureau be added to the comptroller's office, together with the rehabilitation of the sinking fund, and the separation of funds for capital and appropriation and expenditure. The balance sheet issued shows the city's assets at \$17,785,999.39, with liabilities of \$16,088,940.89, a nominal excess of assets over liabilities of \$1,697,047.50.
