JUST RECEIVED,

BY P. TOCQUE,

Illustrated with Engravings, price 5s., dedicated by permission to His Excellency Sir John Gaspard Le Marchant,

Governor of Newfoundland.

Mission to His Excellency Sir John Gaspard Le Marchant, Governor of Newfoundland.

Opinions of the Press,

Mr Tocque is a "Newfoundlander" but knows more of as Yankees than most of us know of ourselves. His book is quite remarkable, it is full of information, and the very information needed to afford a just estimate of the country its statistics are abundant, but they are woven into sketches, personal and general, in such a manner as to relieve them of dulaces. It treats of our manufactures, shipping, navy, public men, siavery, religion, and we know not what it omats. It ought to be a reliable volume.—Boston, Zion's Herald, May 20th.

"Such is the quaint title of a neat duodecime volume, which we find upon our table. It is just what it professes to be, a peep at the Massachusetts corner of Uncle cam's great homesteed by a citizen of Newfoundland. Mr Tocque appears to have travelled with his eyes open, and between the covers of his book the reader can find a large am ount of valuable and entertaining reading matter. the benefit of those who may be similarly afflicted.

To John Naylor Esq.,

Sin,—The cause of saffering humanity demands, I think, that every one who knows of any thing that will afford relief, eight to make it public. Belie ving this to be the fact, I hard you the following certificate of what has come under my notice, and you are at liberty to use it in any way that you may think proper.

In March last, my wife was attacked with that dreadful discuss, Erysipelas, in her leg. It inflamed and swelled to an alarming site, causing exercicating pain, rendering it impossible for her to put her foot to the floor, and was fast advancing upwards. Her case was one painful to look on. Having read in a newspaper of the beneficial effects of Mrs. Bertanx's remedy, I advised her to procure a bettle from you, which she did, and the effect was mirrelieved that we were both quite astonished. She continued to recover gradually, and in a few days was quite free (and I believe and hope for ever) from that dreadful uislady.
